

108 BILLIONS REQUESTED FOR COMING YEAR

Cost Of War Up To June Of 1945 Estimated At 292 Billion Dollars

(Continued from Page One)

gram will never be fully obligated or spent.

153 Billions Spent

Up to December, 1943, Mr. Roosevelt reported, war appropriations and contract authorizations totaled 244 billion dollars, of which 153 billions had actually been spent. By June, 1944, he estimated 202 billion dollars will have been actually paid out for war purposes, and that this total would rise to 292 billions by June 1945.

On top of this actual war spending, Mr. Roosevelt declared, the present budget would provide appropriations and contract authorizations which would leave 105 billions still to be spent after the 1945 fiscal year had ended—provided that the war still continued at that time.

In the face of this huge cost of the war, the President reiterated his demand for a tax program which would provide at least ten and a half billion dollars additional revenue.

Pleds For Heavy Tax

He pointed out that while all government spending—war and non-war—would total 100 billion dollars during fiscal 1945, tax collections would reach only 41 billions, leaving 59 percent of the current cost of the war unpaid.

"The time to impose high taxes is now when incomes are high and goods are scarce," the President declared as he urged upon congress "the need for additional revenue beyond that provided in the bill now pending before the senate."

"We have attained superiority in war production," President Roosevelt told the congress. But he added: "Production alone does not assure victory. We must fight and fight hard."

Have Excess Supplies

He reported that in contrast to conditions a year ago, the United States now has excess supplies of munitions of some types, and war contracts of some types have been cancelled in order to use the plant facilities, manpower and raw materials for more urgent war orders.

As an example, he pointed to the cancellation of contracts for many escort vessels to increase the output of landing vessels.

Thinking of the home front, the President declared that "we shall release for civilian production any facilities, manpower, or raw material that are no longer needed for war production, but only when we are sure that by doing so we will not impair the war effort."

According to figures presented in the message, President Roosevelt, expects the United States to reach its peak of war production some time late this year and that the total will decline gradually thereafter.

Boosts Social Security

In addition to increased taxation, President Roosevelt recommended again that congress act to broaden the social security program, and permit the scheduled doubling of the employers and employees old age social security tax. This latter recommendation was made despite senate action several days ago freezing social security payments at their present levels throughout 1944.

Mr. Roosevelt recommended that the present public debt ceiling of 210 billions be raised, because the debt is expected to reach the total of 198 billion dollars by June, 1944.

He forecast a public debt of 258 billions by June, 1945, and asserted that the federal government would have to pay five billions a year in interest at present rates.

"With a national income of 125 billion dollars or more these payments need not prove oppressive," the President declared. "I am confident that we can devise a tax structure and other appropriate economic policies which will permit both payment of interest, and gradual repayment of principal during years of prosperity without impairing the stability and growth of the national income."

Under the President's budget proposals, congress would be asked to increase war appropriations and authorizations by 60 billion dollars. In addition, 38 billions appropriated in the 1944 fiscal period but unused because of revisions in the war program, would be reappropriated for different war uses.

WIFE REFUSED TO ACT TO SAVE COUNT CIANO

LONDON, Jan. 13.—The wife of Count Galeazzo Ciano was reported today to have refused to intercede on behalf of her husband, executed Tuesday as a traitor to Italy's Fascist government.

In a dispatch from Geneva, the Daily Mail said that before he went to trial the one-time Italian foreign minister asked his wife, Edda, Benito Mussolini's favorite daughter, to use her influence in his behalf.

Edda refused, the dispatch declared. Ciano was convicted and died before a firing squad at Verona.

MRS. RICHARD STEPHENS DIES IN CLARKSBURG

Mrs. Dorothy M. Stephens, 33, wife of Private Richard N. Stephens of Camp Shelby, Miss., died suddenly Wednesday at 5:25 p. m. in Clarksville where she made her home with her mother, Mrs. Armadine Evans. Mrs. Stephens had been suffering from a cold, but the immediate cause of her death is not known. She was married to Richard N. Stephens in 1938.

Mrs. Stephens was graduated from Clarksville high school in 1929 and was a member of the Methodist church there. She leaves one sister, Mrs. Helen Martin, of Williamsport in addition to her mother and Private Stephens.

Funeral arrangements in charge of Kirkpatrick and sons of New Holland are incomplete, pending arrival of Private Stephens.

GAS EMERGENCY DECLARED HERE

(Continued from Page One)

their living to as few rooms as possible. Close off bedrooms, recreation rooms, sun porches and even dining rooms where this can be accomplished. The heated quarters should not be more than 60 degrees in daytime and 50 degrees at bedtime or after hours in a place of business.

3. Shut off all water heaters. Heat water on your range top only for bare necessities. Postpone baths and laundry until the emergency ends.

4. Confine your cooking to one hot dish per meal. This appeal is made to those eating in restaurants and hotels as well as homes. Postpone home baking.

Because of continued cold weather, gas wells have not had an opportunity to "rest," thus building up a better supply.

Appeal was voiced by the Gas company that all persons in Circleville cooperate by following the four point program as outlined.

"The pressure has not been cut here, and nothing has been done to reduce the amount of gas running through our lines," Mr. McClain said. "The only thing we want the public to do is go along with us to the best of its ability so that there will be some gas for all."

McClain pointed out that failure to abide by the request for emergency action might mean a complete breakdown in the gas distribution program.

Officials of the Ohio Fuel Gas Co., including Frank W. Phillips, Athens, supervisor of the district in which Circleville and Pickaway counties are located, were in session in Columbus Thursday, viewing the emergency from all angles. Steps to be taken to assure public cooperation with the emergency decree were to be outlined. Newspaper advertising, direct appeals by Gas company personnel and other means were to be used in the effort to obtain full cooperation throughout the state.

Several industries in the Fairfield and Hocking counties areas have suffered because of gas shortages, the supply not being sufficient to continue full operations.

NAZIS FLEE IN DISORDER FROM VENGEFUL REDS

New Soviet Drive Makes Swift Gains Against Faltering Enemy

(Continued from Page One)

by Reuter, failed to mention where the stream was reached.

Battlefront reports, meantime, told of the progress of Red Army units within old Poland. A Soviet spearhead, racing across the marshy terrain beyond the 1939 Polish frontier, was said to have driven to within 40 miles south-east of the rail town of Pinsk.

The new Russian drive was announced in the official Soviet communiqué exactly 24 hours after the Red Army was revealed to have continued its offensive—a week schedule with its fifth push in as many weeks.

In two days, troops of Gen. Konstantin Rokossovsky's army blasted a hole 19 miles wide and ten miles deep in German defenses west of Rechitsa. Tank and infantry columns swept over more than 30 towns and villages, beating off determined enemy counterattacks and "annihilating" some 2,000 Nazis in a single day's fighting.

A heavy bombardment by Red Army big guns preceded launching of the offensive, which was pointed against the important railroad junction of Mazyr. At this point the Leningrad-Odessa and Gomel-Warsaw lines intersect.

In the fighting, so fierce that the Russians disabled or destroyed 22 enemy tanks and knocked out of action 40 artillery pieces, the Red Army captured Domanovich and Sherekl.

American troops of the Fifth Army fanned out from the fallen mountain stronghold of Cervaro today as French forces—including some Yanks under French command—consolidated newly won heights overlooking the Cassino plain.

Cervaro fell Wednesday afternoon on the eighth day of the drive on Cassino, the gateway to Rome four miles to the northwest. Allied headquarters also announced that the Americans had seized Mount Capraro after a hard fight.

Yanks, French Unite

Today's communiqué was the first official announcement that Americans were fighting under French officers, though French official circles in Algiers revealed the plan several days ago.

Allied destroyers continued to bombard rail targets along the eastern coast of Italy, hammering again at Civitanova and then turning their guns against the port of Pedaso, 48 miles north of Pescara, where they kindled a large fire among shore installations.

The communiqué revealed that French troops, carrying out mountain assaults on the right flank of the 10-mile front, recaptured Mount Raimo in savage fighting, and also drove the Nazis off Mount Molino to re-take that strategic height.

No details on the fighting that resulted in Cervaro's capture were available immediately at Allied headquarters, but Americans who took Mount Capraro, northeast of Cervaro, met spirited opposition from the Nazis.

After the fall of Cervaro, the Yanks engaged in forward patrol activity, fanning out ahead of the little town that the Germans had fortified heavily in an effort to protect Cassino and the valley approaches to Rome, 79 miles further.

While American, British and French troops of Lieut. Gen. Mark

JACKSON TOWNSHIP HIRES COMMERCIAL INSTRUCTOR

Jackson township board of education has employed Mrs. Rachel Porter of Columbus as a commercial and science teacher to succeed Mrs. Louise Fischer Patterson, who has resigned. The new teacher will take over her duties next Monday. She is a graduate of Ohio State university and has five years of teaching experience.

Monroe township board has also hired a new teacher, Mrs. McConnell, of near Clarksville, who has taken over the fifth and sixth grades. She succeeds Miss Margaret Dunlap, who resigned to go to Washington D. C. to accept work.

FDR CALLS FOR FARM CASH CUT

(Continued from Page One)

well in advance of planting time." He admitted, however, that the support-price-subsidy program hinged on congressional action on the present Commodity Credit corporation bill which bans consumer subsidies.

The President foresaw 1944 as a "critical" year for food, and declared that to meet war and lend-lease needs, farm production must be larger than in 1943.

"Barring unfavorable weather conditions," the President asserted, "I believe this objective can and will be achieved through even better use of our farm labor, land, machinery, and other resources."

The President's recommendations included provision for conservation and use of agricultural land resources, the soil conservation service, the Farm Security administration, exportation and domestic consumption of agricultural commodities and research and other "long-established" functions of the Agriculture department.

He asked 30 million dollars for FSA administration expenses and another 30 million in increased borrowing power for rehabilitation loans, the money to be obtained through Reconstruction Finance corporation. This would boost FSA's borrowing power to 97 and one-half million dollars.

H. K. CLAYPOOL VISITS CIRCLEVILLE FRIENDS

Harold K. Claypool of Chillicothe, the former member of congress, was in Circleville Thursday calling on friends. Claypool has been mentioned as a possible candidate for the post now held by Dr. Walter Brehm of Logan. Brehm defeated Claypool two years ago.

W. Clark's Fifth Army battled the Nazis on terrain made sudden by an unexpected thaw. Allied planes carried out operational sorties over the front in support of ground troops.

Veteran French troops launched their attack in the region of Rocchetta and advanced slowly in the face of strenuous German efforts to halt them. At several points they punched their way to depths of 1,000 yards as they pressed forward to seize heights that included recaptured Raimo and Molino.

The French forces that slugged ahead included some American troops, and were commanded by Gen. Alphonse Juin.

The Japs were also treated to heavy blows by American land, sea and air forces in the New Britain-New Guinea area. United States marines beat off an enemy attempt to land near captured Cape Gloucester, and Yank airmen and naval units hit 43 enemy barges, most of them off Saider.

HUN DEFENSES MAY BE HURT BEYOND REPAIR

Titanic Yank Air Attacks Described As Major Military Success

(Continued from Page One)

stead, Oschersleben and Brunswick was not immediately revealed, some late reports in London newspapers believe that it was a near record.

The Daily Express called it the heaviest bombardment of the war which, if true, would mean that explosives that plummeted into Messerschmitt, Junkers and Focke-Wulf plants reached a higher total figure than the RAF has unloaded on Berlin in its series of metropolis-rocking aerial blows since November.

Three Plants Smashed

(The U. S. War department said the three key Nazi fighter plane factories were smashed out of operation. The cost was approximately 5 percent of the attacking force, indicating that 1,250 American aircraft participated.)

(In Wichita, Gen. H. H. Arnold, U. S. air chief, called results a "net accomplishment truly remarkable," and said that Germany has been deprived of hundreds of planes that she would have turned out in the factories. "As a result of this air attack," he said, "hundreds of projected German fighter planes will never be manufactured to stop the Allied bombers for Allied troops preparing to invade Europe.")

All the major buildings at the Focke-Wulf factory in Oschersleben, believed to be Germany's most important producer of the powerful FW 190, were damaged heavily by bombs dropped from the big Flying Fortresses and Liberators, 700 of which carried the explosives across hundreds of miles of enemy territory into the 3-plant attack.

The main machine component erecting assembly shops were left blazing when the bombers, fighting off Nazi fighters furiously, turned away from the target.

High explosives blanketed the big main assembly plant of the Waggum factory, where Messerschmitt 109s are turned out, and there was "considerable destruction" in every building but one, which was damaged.

There was severe damage, too, at the Junkers plant at Halberstadt, principal producer of both JU 88s and JU 188s. Two large workshops and two smaller buildings were blasted with direct hits from the big bombers ranging Germany's skies.

The attack on the Junkers plant was considered particularly important because the JU 88, regarded as one of the Nazi's most versatile planes, is equipped with rocket motors and has figured prominently in recent battles with U. S. heavy bombers.

New German Plane

The JU 188 is the Reich's newest medium, two-engine bomber, carrying radio-controlled glide bombs for use against shipping.

Halberstadt lies 117 miles southwest of Berlin; Oschersleben is 90 miles southwest of the Nazi capital, while Brunswick is 115 miles in a southwesterly direction.

Photographic officers studied

AIR FORCE COMPLETES BIG MASS EVACUATION

(Continued from Page One)

been common procedure in battle areas throughout the world for over a year, this operation marks the first time it has been attempted in this country.

Officers pointed out that the method serves the dual purpose of quickly getting wounded men to hospitals located in the part of the country where they make their homes, and the speedy shipment of special categories of casualties to general hospitals specializing in their types of cases.

BISHOP DIES OF HEART ATTACK

(Continued from Page One)

God's blessing on his flock. He leaves no immediate survivors.

Bishop Hartley was born in Columbus of Irish parents, June 6, 1857. As a child he attended St. Patrick's school, was an altar boy at St. Patrick's church and later read his first mass there. He studied for the priesthood at the old St. Aloysius Seminary at the site of the present Holy Family school and at Niagara university, Niagara, N. Y.

Ordained a priest on July 10, 1882, Bishop Hartley, was named assistant pastor at St. Peter's church, Steubenville. Later he became pastor of Holy Name church, Steubenville. While serving there he was appointed by Pope Pius X and was installed as the fourth bishop of the Columbus diocese on February 25, 1904, a post which he actively held until his death.

WILSON DIVORCE

Charging neglect of duty and failure to provide, Mrs. Dora L. Wilson, East Main street, filed divorce action Wednesday in common pleas court against Edwin B. Wilson, also of Circleville. The couple was married February 28, 1937, in Catlettsburg, Ky.

pictures taken during the attacks to determine the full extent of the damage to the three big plants, producers of a large proportion of the fighter planes on which Adolf Hitler depends to fight off the invasion from the west.

The intensity of the air duel over Germany, during which the German command sent planes by the hundreds into the air trying to stem the aerial onslaught, and the success of the attack, were revealed by returning flyers.

Said First Lt. Manuel Fisher, Philadelphia: "We were attacked by several hundred enemy fighters for more than an hour and a half. I've never seen anything like it in my fifteen missions. They came in 28 at a time; I counted them."

"I saw that target we had really plastered," declared Staff Sgt. Frank J. Thau, of Chicago. There were plenty of bomb craters all through the target area at Oschersleben. It was a bloody wreck there."

"The bombing was excellent," said Lieut. Col. William Calhoun, of Birmingham, Ala. "Enemy fighters were desperate. One group of 30 FW190s came at us head on. I had to lift a left wing or be rammed."

NAZIS FLEE IN DISORDER FROM VENGEFUL REDS

New Soviet Drive Makes Swift Gains Against Faltering Enemy

(Continued from Page One)

by Reuter, failed to mention where the stream was reached. Battlefield reports, meantime, told of the progress of Red Army units within old Poland. A Soviet spearhead, racing across the marshy terrain beyond the 1939 Polish frontier, was said to have driven to within 40 miles south-east of the rail town of Pinsk.

The new Russian drive was announced in the official Soviet communique exactly 24 hours after the Red Army was revealed to have continued its offensive—a week schedule with its fifth push in as many weeks.

In two days, troops of Gen. Konstantin Rokossovsky's army blasted a hole 19 miles wide and ten miles deep in German defenses west of Rechitsa. Tank and infantry columns swept over more than 30 towns and villages, beating off determined enemy counterattacks and "annihilating" some 2,000 Nazis in a single day's fighting.

A heavy bombardment by Red Army big guns preceded launching of the offensive, which was pointed against the important railroad junction of Mazyr. At this point the Leningrad-Orsha and Gomel-Warsaw lines intersect.

In the fighting, so fierce that the Russians disabled or destroyed 22 enemy tanks and knocked out of action 40 artillery pieces, the Red Army captured Domanovich and Shereki.

American troops of the Fifth Army fanned out from the fallen mountain stronghold of Cervaro today as French forces—including some Yanks under French command—consolidated newly won heights overlooking the Casinoplain.

Cervaro fell Wednesday afternoon on the eighth day of the drive on Cassino, the gateway to Rome four miles to the north-west. Allied headquarters also announced that the Americans had seized Mount Capraro after a hard fight.

Yanks, French Unite

Today's communique was the first official announcement that Americans were fighting under French officers, though French official circles in Algiers revealed the plan several days ago.

Allied destroyers continued to bombard rail targets along the eastern coast of Italy, hammering again at Civitanova and then turning their guns against the port of Pedaso, 48 miles north of Pescara, where they kindled a large fire among shore installations.

The communique revealed that French troops, carrying out mountain assaults on the right flank of the 10-mile front, recaptured Mount Raimo in savage fighting, and also drove the Nazis off Mount Molino to re-take that strategic height.

No details on the fighting that resulted in Cervaro's capture were available immediately at Allied headquarters, but Americans who took Mount Capraro, northeast of Cervaro, met spirited opposition from the Nazis.

After the fall of Cervaro, the Yanks engaged in forward patrol activity, fanning out ahead of the little town that the Germans had fortified heavily in an effort to protect Cassino and the valley approaches to Rome, 79 miles further.

While American, British and French troops of Lieut. Gen. Mark

JACKSON TOWNSHIP HIRES COMMERCIAL INSTRUCTOR

Jackson township board of education has employed Mrs. Rachel Porter of Columbus as a commercial and science teacher to succeed Mrs. Louise Fischer Patterson, who has resigned. The new teacher will take over her duties next Monday. She is a graduate of Ohio State university and has five years of teaching experience.

Monroe township board has also hired a new teacher, Mrs. McConnell, of near Clarksville, who has taken over the fifth and sixth grades. She succeeds Miss Margaret Dunlap, who resigned to go to Washington D. C. to accept work.

FDR CALLS FOR FARM CASH CUT

(Continued from Page One)

well in advance of planting time." He admitted, however, that the support-price-subsidy program hinged on congressional action on the present Commodity Credit corporation bill which bans consumer subsidies.

The President foresaw 1944 as a "critical" year for food, and declared that to meet war and lend-lease needs, farm production must be larger than in 1943.

"Barring unfavorable weather conditions," the President asserted, "I believe this objective can and will be achieved through even better use of our farm labor, land, machinery, and other resources."

The President's recommendations included provision for conservation and use of agricultural land resources, the soil conservation service, the Farm Security administration, exportation and domestic consumption of agricultural commodities and research and other "long-established" functions of the Agriculture department.

He asked 30 million dollars for FSA administration expenses and another 30 million in increased borrowing power for rehabilitation loans, the money to be obtained through Reconstruction Finance corporation. This would boost FSA's borrowing power to 97 and one-half million dollars.

H. K. CLAYPOOL VISITS CIRCLEVILLE FRIENDS

Harold K. Claypool of Chillicothe, the former member of congress, was in Circleville Thursday calling on friends. Claypool has been mentioned as a possible candidate for the post now held by Dr. Walter Brehm of Logan. Brehm defeated Claypool two years ago.

W. Clark's Fifth Army battled the Nazis on terrain made sodden by an unexpected thaw. Allied planes carried out operational sorties over the front in support of ground troops.

Veteran French troops launched their attack in the region of Rocchetta and advanced slowly in the face of strenuous German efforts to halt them. At several points they punched their way to depths of 1,000 yards as they pressed forward to seize heights that included recaptured Raimo and Molino.

The French forces that slugged ahead included some American troops, and were commanded by Gen. Alphonse Juin.

The Japs were also treated to heavy blows by American land, sea and air forces in the New Britain-New Guinea area. United States marines beat off an enemy attempt to land near captured Cape Gloucester, and Yank airmen and naval units hit 43 enemy barges, most of them off Sador.

HUN DEFENSES MAY BE HURT BEYOND REPAIR

Titanic Yank Air Attacks Described As Major Military Success

(Continued from Page One)

stadt, Oschersleben and Brunswick was not immediately revealed, some late reports in London newspapers believe that it was a near record.

The Daily Express called it the heaviest bombardment of the war which, if true, would mean that explosives that plummeted into Messerschmitt, Junkers and Focke-Wulf plants reached a higher total figure than the RAF has unloaded on Berlin in its series of metropolis-rocking aerial blows since November.

Three Plants Smashed

The U. S. War department said the three key Nazi fighter plane factories were smashed out of operation. The cost was approximately 5 percent of the attacking force, indicating that 1,250 American aircraft participated.

In Wichita, Gen. H. H. Arnold, U. S. air chief, called results a "net accomplishment truly remarkable," and said that Germany has been deprived of hundreds of planes that she would have turned out in the factories. "As a result of this air attack," he said, "hundreds of projected German fighter planes will never be manufactured to stop the Allied bombers for Allied troops preparing to invade Europe."

All the major buildings at the Focke-Wulf factory in Oschersleben, believed to be Germany's most important producer of the powerful FW 190, were damaged heavily by bombs dropped from the big Flying Fortresses and Liberators, 700 of which carried the explosives across hundreds of miles of enemy territory into the 3-plant attack.

The main machine component erecting assembly shops were left blazing when the bombers, fighting off Nazi fighters furiously, turned away from the target.

High explosives blanketed the big main assembly plant of the Waggum factory, where Messerschmitt 109s are turned out, and there was "considerable destruction" in every building but one, which was damaged.

There was severe damage, too, at the Junkers plant at Halberstadt, principal producer of both JU 88s and JU 188s. Two large workshops and two smaller buildings were blasted with direct hits from the big bombers ranging Germany's skies.

The attack on the Junkers plant was considered particularly important because the JU 88, regarded as one of the Nazi's most versatile planes, is equipped with rocket motors and has figured prominently in recent battles with U. S. heavy bombers.

New German Plane

The JU 188 is the Reich's newest medium, two-engine bomber, carrying radio-controlled glide bombs for use against shipping. Halberstadt lies 117 miles southwest of Berlin; Oschersleben is 90 miles southwest of the Nazi capital, while Brunswick is 115 miles in a southwesterly direction.

Photographic officers studied

AIR FORCE COMPLETES BIG MASS EVACUATION

been common procedure in battle areas throughout the world for over a year, this operation marks the first time it has been attempted in this country. Officers pointed out that the method serves the dual purpose of quickly getting wounded men to hospitals located in the part of the country where they make their homes, and the speedy shipment of special categories of casualties to general hospitals specializing in their types of cases.

BISHOP DIES OF HEART ATTACK

(Continued from Page One)

God's blessing on his flock. He leaves no immediate survivors.

Bishop Hartley was born in Columbus of Irish parents, June 6, 1857. As a child he attended St. Patrick's school, was an altar boy at St. Patrick's church and later read his first mass there. He studied for the priesthood at the old St. Aloysius Seminary on the site of the present Holy Family school and at Niagara university, Niagara, N. Y.

Ordained a priest on July 10, 1882, Bishop Hartley, was named assistant pastor at St. Peter's church, Steubenville. Later he became pastor of Holy Name church, Steubenville. While serving there he was appointed a bishop by Pope Pius X and was installed as the fourth bishop of the Columbus diocese on February 25, 1904, a post which he actively held until his death.

WILSON DIVORCE

Charging neglect of duty and failure to provide, Mrs. Dora L. Wilson, East Main street, filed divorce action Wednesday in common pleas court against Edwin B. Wilson, also of Circleville. The couple was married February 28, 1937, in Catlettsburg, Ky.

pictures taken during the attacks to determine the full extent of the damage to the three big plants, producers of a large proportion of the fighter planes on which Adolf Hitler depends to fight off the invasion from the west.

The intensity of the air duel over Germany, during which the German command sent planes by the hundreds into the air trying to stem the aerial onslaught, and the success of the attack, were revealed by returning fliers.

Said First Lt. Manuel Fisher, Philadelphia: "We were attacked by several hundred enemy fighters for more than an hour and a half. I've never seen anything like it in my fifteen missions. They came in 28 at a time; I counted them."

"I saw that target we had really plastered," declared Staff Sgt. Frank J. Thau, of Chicago. There were plenty of bomb craters all through the target area at Oschersleben. It was a bloody wreck there."

"The bombing was excellent," said Lieut. Col. William Calhoun, of Birmingham, Ala. "Enemy fighters were desperate. One group of 30 FW190s came at us head on. I had to lift a left wing or be rammed."

RAIL LEADERS PLEAD CAUSE

PUMPKIN SHOW SCHEDULED LAST ON STATE LIST

Ohio Fair Managers Stamp Approval On Dates Of October 18-21

BLAIR ADDRESSES MEET

Local Board Awaits War Developments Before Arranging Event

Pickaway county's Fair, whether it be a Junior Fair or the complete Pumpkin Show, will be the last event conducted in 1944 by the Ohio department of agriculture.

Dates for the local festival, October 18-21, are the latest approved at the annual meeting of the Ohio Fair Managers' association at their convention Wednesday in Columbus.

Official dates for other county events throughout the state were fixed during the day. Fayette county Fair at Washington C. H. will be the earliest, dates being July 25-29.

The number of county organizations announcing plans to reopen fairs next Fall after a lapse of one and two years because of the war is increased by 21. Eighty-eight agricultural organizations asked and received approval for dates.

Blair Speaks

Pickaway County Agricultural Society was represented at Wednesday's session by F. K. Blair, Pickaway county extension agent, who spoke to the assemblage during the afternoon. Mr. Blair, a prime mover in the Junior Fair, discussed the merits of conducting stock sales during Junior Fair activities. Sales of livestock handled by boys and girls of local 4-H clubs and vocational agriculture units has highlighted the last two Junior events held here.

Mr. Blair's talk covered many phases of the sales held here, and it was indicated, association spokesman said, that other fairs may attempt to hold livestock auctions in their expositions this Fall.

Mack Parrett, Agricultural Society secretary, and Robert G. Colville, its treasurer, were to attend the Thursday session and the Thursday evening banquet as official delegates of the Pickaway county organization.

Cooper On Program

Banquet speakers will include former Governor Myers W. Cooper, Dr. Howard L. Bevis, president of Ohio State university; W. C. Craig, humorist, and Eugene E. Paro, U. S. navy, a veteran of South Pacific action.

The Wednesday meeting was well attended, 825 persons being registered during the day. More than 1,000 tickets have been sold for Thursday's banquet. Resolutions up for consideration by fair officials include establishment of a 40-cent minimum charge for entrance to county fairs; that livestock judges bear indorsement of breeding associations; that three or more cash premiums be offered for all livestock classes; that fair treasurers be bonded, and that each Ohio fair board elect a woman to membership.

SEEK LEONARD KNEECE

Selective service board is seeking to locate Leonard Mayo Kneece, who formerly lived in the Lancaster pike-Lover's Lane district and whose last known address was 956 1/2 North High street, Columbus. All correspondence sent to Kneece by the draft board in the last several weeks has been returned undelivered. Any person having information concerning the registrant should get in touch with the draft office.

Notice to Dog Owners

Secure Your Dog License Before January 20
Penalty of \$1.00 to be assessed after that date

Every person who owns, keeps or harbors a dog more than three months of age, annually, shall file together with a registration fee of \$1.00 for each male or spayed female and \$3.00 for each female dog unspayed.

If said fee is not paid on or before the 20th day of January, the County Auditor shall assess a penalty of \$1.00 additional.

If inconvenient for you to come into the County Auditor's office, mail your fee together with description of the dog and tag will be returned to you.

COLLETT ASKS STATE TO BARE CRIME THEORIES

(Special to The Herald)
WASHINGTON, C. H., Jan. 13—Judge Henry M. Rankin of Fayette county common pleas court today took under advisement the move made Wednesday by attorneys for James Collett, Clinton county farmer charged with the annihilation murder of the Elmer McCoy family of three, to force the state to furnish a bill of particulars on which the first degree murder indictment against Collett was returned.

Attorneys James N. Linton of Columbus and Allen Smith and Charles Kirk of Wilmington asked that Prosecutor John Hill "set forth the facts on which the offenses attempted to be charged in said indictment are founded and setting forth the manner in which it is claimed the offenses attempted to be charged were committed."

The action was contested by Hill. Hill has refused to let Linton see Collett's purported confession signed in Toledo in which he is said to have admitted killing Elmer McCoy, his brother-in-law, on Thanksgiving eve. Collett has denied knowledge of how Mrs. McCoy and her daughter, Mildred, were slain, claiming his mind became a blank after he shot Elmer McCoy during an argument over financial matters.

No Pre-War Dads In January Contingent Of County Selectees

Pickaway county's January contingent of draftees, no pre-Pearl Harbor fathers who have been abiding by draft regulations among them, went to Columbus Thursday for final physical examination prior to induction.

The contingent is the last to be sent from the county under old regulations wherein men are accepted for one branch or the other and are then sent home for furloughs running from 21 days for army men and seven days for sailors.

Beginning February 1, pre-induction examinations are abolished. Men who are in I-A and available for immediate service will be sent to the induction center for physical examination, the only test they will be given, and they will be informed at that time whether they have passed physical tests. They will then be told whether they are qualified for army general, army limited or naval service and will return home as civilians. However, they are expected to be called into service in 21 days, their notices to report being sent from the local draft office.

No post-induction furloughs will be granted when the program goes into effect.

The January contingent included the following men:

Circleville: William Essick, Thomas E. Irvin, Clarence R. Conrad, Virgil P. Timmons, Logan Payne, Harry G. Clifton, Robert Walton, David L. Yates, Floyd Hill, Bob L. Spriggs, John J. Smith, David L. Holland, Russell J. Moats, Benjamin L. Schwalbach, Edgar Stevens.

DELINQUENT TAXPAYERS NOTICE!

In compliance with provisions of Sec. 5704 G. C. Ohio laws, there will be published, during the next few weeks, a list of the delinquent real estate in Pickaway County, Ohio, together with a description of the property as it appears on the real estate duplicate, amount of tax due on each delinquent tract.

The above law is mandatory and the delinquent list must be published. Every taxpayer whose name appears on the delinquent list, excepting those who have agreed to partial payments under the provisions of Sec. 2672-1 G. C., is hereby notified that such delinquency must be published for two consecutive weeks.

The law further provides that should the above taxes be paid up to within 48 hours of the time of publication, that the name shall be stricken from the list.

It is suggested that taxpayers having delinquency who wish to have their name removed from the list, contact the County Treasurer and arrange for complete payment or for partial payment under the provisions of Sec. 2672-1 G. C. Ohio laws, before the date of publication.

It is suggested that taxpayers having delinquency who wish to have their name removed from the list, contact the County Treasurer and arrange for complete payment or for partial payment under the provisions of Sec. 2672-1 G. C. Ohio laws, before the date of publication.

FORREST SHORT

Auditor, Pickaway County

Notice to Dog Owners

Secure Your Dog License Before January 20
Penalty of \$1.00 to be assessed after that date

Every person who owns, keeps or harbors a dog more than three months of age, annually, shall file together with a registration fee of \$1.00 for each male or spayed female and \$3.00 for each female dog unsprung.

If said fee is not paid on or before the 20th day of January, the County Auditor shall assess a penalty of \$1.00 additional.

If inconvenient for you to come into the County Auditor's office, mail your fee together with description of the dog and tag will be returned to you.

FORREST SHORT

Auditor of Pickaway County

SEMESTER EXAMINATIONS UNDER WAY IN SCHOOLS

Some of Pickaway county's schools are conducting semester examinations while others are preparing for tests to start next

week. Because of influenza epidemics and different dates on which school classes were started, the school schedule is somewhat disrupted.

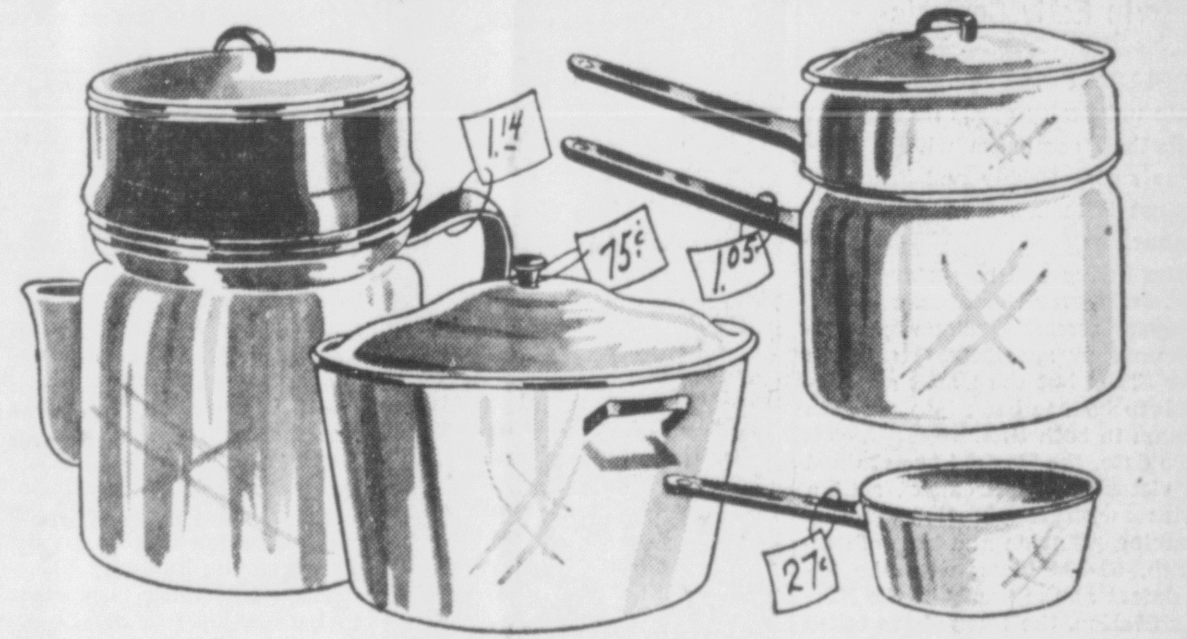

Circleville examinations will be held January 24 and 25, school opening here later than usual to

permit students to participate in late Fall activity in canning plants.

The 82-mile all-American irrigation canal from the Colorado river is the largest irrigation canal in the United States.

FIRST BIG TEN TEST NEAR FOR BUCKEYE SQUAD

Indiana Hoosiers Invade Columbus Friday And Saturday Nights

OTHER OUTFITS BOOKED

State's All-Civilian Five Has Been In And Out In Early Contests

COLUMBUS, Jan. 13—Ohio State university opens its Big Ten basketball campaign with a two-game series Friday and Saturday against Indiana's Hoosiers at Columbus.

The Bucks will be seeking their first win over the Hoosiers in a two-year stretch. Indiana has rolled up four successive triumphs over State, but the Bucks are favored to bounce back into the win column in both tilts.

To date, the Bucks have chalked up victories over Denison, split a series with the Norfolk Naval Training Station and beat Pittsburgh, 59-38. Along with the 64-36 defeat at the hands of the Norfolk Station, the Bucks have taken 40, and Great Lakes Naval Station, 46-52.

The Hoosiers have won five and lost four this season. Purdue shelved Indiana 62-43 in Saturday night's first Big Ten game.

Following the contests with the Hoosiers, the Bucks tangle with the hapless Chicago Maroons, January 21, at Chicago. The Maroons haven't won a conference game in their last 42 starts.

CHICAGO, Jan. 13—Eight games, including Ohio State's debut in conference competition, were listed today among Big Ten basketball teams for tomorrow and Saturday.

The all-civilian Buckeyes, the only team not yet tested in conference play, will start against Indiana at Columbus in a two-game series. The games should provide the first accurate line on the strength of Ohio State in the title fight.

Similar two-game series will be played by Michigan and Wisconsin at Madison, and by Minnesota and Purdue at Lafayette. The other two games scheduled for the week end are Chicago and Northwestern at Evanston tomorrow night and Chicago and Illinois on the mid-week Saturday.

Northwestern's Wildcats are in no danger of being knocked down from first place which they currently share with Purdue and Iowa. The Hawkeyes, not playing a conference game, are safe also.

Purdue, facing Minnesota both nights, has a chance to gain a slight mathematical edge since two victories for the Boilermakers, who are favored, would provide a 4-0 games won record. In comparison, Northwestern's would be 3-0 and Iowa's 2-0.

COCHRAN TAKES TWO POINT EDGE ON WILL HOPPE

CHICAGO, Jan. 13—Willie Hoppe, the one-time "boy wonder" of billiards, today lagged two points behind Welker Cochran of San Francisco in the Chicago phase of their cross-country three-cushion billiard match.

While Hoppe had 398 points to the 460 run up by the westerner, he still was ahead 798 to 742 by virtue of the comfortable lead he brought with him from their engagement at Kansas City where the tour started.

Cochran took both blocks yesterday afternoon, but Hoppe regained his cue magic at the night session, the eighth block of their Chicago stay, and took the decision 50 to 49.

Each scored 50 points in the first game of the day, but the decision went to Cochran because he finished first. Cochran won the seventh block 52 to 46 in 48 innings, but the game was extended to 50 innings in order to bring Cochran's score up to 350 points for the seven 50-point blocks.

Their tour, in which no title is involved, will conclude with sessions in Detroit and New York City.

What To Do With Many Minor Stars In Armed Services Big Question

By Lawton Carver

NEW YORK, Jan. 13—One of the biggest problems confronting any sport, looking ahead to the day when the shooting is over and the boom sets in, has to do with establishing a status for the hundreds of Minor League ball players who are in the service.

This isn't merely a bush circuit proposition. The majors are directly involved as the parent clubs of many of the Minor League teams.

Thousands on thousands of dollars are tied up in potential Major League stars now packing guns or riding the waves. Commissioner

High Scorer

HIGH IN THE AIR go these cagers during a scoring play in New York. Dick Tripton of DePaul has the ball and Les Rothman of Long Island tries to stop the shot. DePaul, one of the strongest teams in the Midwest, won the game. (International)

STARS OF SPORT WORLD TO OPEN WAR LOAN DRIVE

NEW YORK, Jan. 13—Heroes of the "golden age" of sports—Babe Ruth, Jack Dempsey, Bill Tilden, Earl Sande and Major Bobby Jones—participate in a radio broadcast over the Blue network on January 24 launching sports participation in the Fourth War Loan Drive.

The broadcast, which will represent one of the most notable gathering of sports figures before the microphone in years, will be part of a series of athletic events to promote the sale of bonds.

There also will be special shows in tennis, track and field, hockey and bowling.

Doubling Up On Lamps Conserves Light!

By arranging furniture, one lamp can often serve two or more people effectively. But be sure that the lamp isn't too far away from either person.

OTHER WAYS TO CONSERVE EYESIGHT AND LIGHT

- 1 Clean lamp bowls and lamp bulbs regularly. Dry thoroughly before using.
- 2 Keep shade linings light. Clean or brush regularly. Repaint or reline dark-colored paper or parchment shades.
- 3 Sit close enough to the lamp to get all the help it can give your eyes.
- 4 Avoid direct glare from lamp bulbs or bowl by using shades deep enough and big enough.
- 5 Have eyes examined regularly by a competent eyesight specialist.
- 6 Turn off lamps not in use. Lamp bulbs use critical materials. Make them last longer.

BLUE LION FIVE TO BE CAPABLE

Well Balanced Squad Wears Washington C. H. Uniform This Season

A well-balanced team without an individual star, but capable of putting up a good game against any kind of opposition.

That was the description provided Thursday for the Washington C. H. Blue Lions who invade the Circleville Athletic club gymnasium Friday night to do battle with the Circleville high Tigers.

In its last game against London, Washington's scoring was divided among all six boys who saw service. The center, Whitman, paced the scorers with eight, while one forward hit for seven, one guard for six, two other forwards for four each and one guard for two points.

Coach Roy Black is expected to stick with his starting five of Sims, Heath, Dade, Lovenshimer and Anderson although Mader, Grubb, Valentine, Morgan and Wells will be ready for action when needed.

Officials will be Ralph Crook and E. J. Wilson of Lancaster. Reserve teams of the two schools will open festivities at 7:15 with the second reserve team playing Charlie Gilt's Emery club boys at 8:30.

Probable varsity lineups will be:
Circleville: Washington
Sims F Carlson
Heath F W. Rudduck
Dade C Whitman
L'ishmer G G. Rudduck
Anderson G Steele

HEISMAN AWARD FINALLY GIVEN TO IRISH STAR

NEW YORK, Jan. 13—The John W. Heisman Memorial Trophy, awarded annually to the outstanding American football player, was in Marine Pvt. Angelo Bertelli's possession today after a month's delay.

The Notre Dame backfield star received the award at luncheon ceremonies postponed in December because he could not obtain a furlough from Parris Island at that time.

The presentation took place at a New York Advertising club luncheon. Among the guests were Bertelli's mother, Coach Frank Leahy of Notre Dame and his high school football coach, Bill Wise of Springfield, Mass.

in baseball and in the ball player and not in the business angles involved.

That's the kind of a guy the old commissioner is and that's why some will come to the post-war planning meeting expecting the worst from him but knowing it will be the best for the game and for the players.

PRO GRID LOOP HEADS TO GIVE VITAL DECISION

CHICAGO, Jan. 13—The crowd of anxious promoters who have been storming the doors of the National Football league for admittance were expected to get their answer today.

Although the pro football moguls were committed to a policy of no further expansion until after the war, the insistence of some of the would-be magnates was so great that there appeared a chance that one or more of them might edge their way into the league.

The league's executive committee, meeting in Chicago along with other league officials and owners, debated applications from Buffalo, Los Angeles and San Francisco, then passed their recommendations

on to a general meeting of club owners.

Those asking admittance fortified their applications with \$25,000 checks. Anyone whose application is granted will have to chuck in another \$25,000, since \$50,000 is the cost of a league franchise.

Bing Crosby, the crooner and race horse owner, headed the group that put in the bid for Los Angeles. Associated with him were Lieut. A. G. Atwater of the navy, a brother-in-law of Owner P. K. Wrigley of the Chicago Cubs; Frank Mandel of Chicago, and Capt. Graham Smith, former general manager of the Detroit Lions.

San Francisco was represented by A. J. Morobito, wealthy lumberman and former Santa Clara football player.

Sam Cordovano, assistant to Coach Lou Little of Columbia for 14 years, presented the claims of Buffalo which has been trying to break back into the league after having quit it a number of years

ago. He said he had four associates. Sam's chances appeared about the best of any when discussions resumed today after meetings which lasted through most of the night.

This came from the fact that the league, already expanded to 10 teams from the eight which operated last season, might also allow Boston, sponsored by Ted Collins, the radio man, to join up this fall.

SCRAP PAPER DRIVE SLATED FOR WEDNESDAY

School Pupils To Deliver Collections At Various City Schools

COOPERATION IS URGED

McClain Tells Of Plans To Stage Tin Drive In Near Future

Another scrap paper campaign, the third to be conducted in Circleville, will be staged next Wednesday with youngsters of the city being asked to carry their paper supplies to their respective schools.

Dan McClain, local salvage chief, said that trucks will be available only when households have a large supply of paper available. Because of the large amount of paper and cardboard used to cover Christmas packages many persons have informed Mr. McClain that they have large supplies of paper available.

Children are urged to take their paper to school when they go in the morning with trucks picking up the supplies after the noon hour.

Mr. McClain said that the only time trucks will call at private homes for supplies of paper and other supplies needed by the Container Corporation plan to assure its continued operation will be when householders call the principal of the school in their respective district and ask that a truck be sent to their homes. Trucks will be ready to make such calls, but for ordinary calls where children are able to take the paper with them they are urged to do so.

School classes will not be dismissed at any time during the day because of the paper drive, but cooperation is being asked from all parents and teachers in getting as much paper collected as possible.

Container Corporation has pointed out several times the need for scrap paper. The corporation has been pleased with results obtained in both previous paper collection campaigns.

Mr. McClain said Thursday that plans are afoot for a tin can salvage campaign. Date for this drive will be determined in a few days.

Local salvagers are hoping to be able to fill a car with cans so they may be sent to salvaging centers at an early date.

MONROE INSTITUTE TO BE HELD JAN. 26 AND 27

Monroe township Farmers' Institute will be conducted January 26 and 27 at the Five Points school building.

Details of the program now being arranged will be announced later.

Harry Bailey is president of the Institute and Helen Phillips is its secretary.

JOEY PREFERS THE PLAIN JOES

JOE E. BROWN, film and USO comedian, pictured in China with a war correspondent, resounds in the news with a loud squawk against being routed through rear areas of combat. He'd pass up the generals, he says, and make laughs for plain G.I. Joes on the fighting front. (International)

Circleville Kiwanians Plan Celebration Of Organization Founding

Circleville Kiwanians will join next Monday evening in celebration of the twenty-ninth anniversary of the founding of the organization. With the thirtieth year of Kiwanis International getting under way the 2,200 clubs and 122,000 members in the organization are participating in war service projects and activities designed to speed the day of victory.

The club will conduct a brief service in observance of the anniversary, prior to opening the regular program which will include a talk on his experiences by E. W. Ross, production engineer of the Container Corporation. Mr. Ross was in the Royal Canadian Air Force in World War I, was in Russia several years, barnstormed as a plane pilot and toured and worked in many other countries. Mr. Ross expects to tell Kiwanians of some of his experiences.

Luther Bower, new president of the local club, said Thursday that the anniversary will serve to launch the organization's 1944 "All-Out-For-Victory" program.

Donald B. Rice, Oakland, Cal., president of Kiwanis International, urged all clubs in a special message to take time out from their meeting to pay tribute at their anniversary meetings to the more than 12,000 Kiwanians in the armed services.

During the coming year, Rice said, Kiwanis International will exert its influence for "a just and lasting peace, re-emphasize the goodwill and understanding that exists between Canada and the United States, provide community leadership, and publicize freedom of opportunity and private enterprise as fundamental to the democratic way of life."

A feature of the local meeting at Hanley's Monday evening will be the reading of a special message from the international president. Herschel Hill is chairman of the committee arranging the anniversary program.

UHRIG FUNERAL SERVICE HELD AT CHILLICOTHE

Funeral services for John A. Uhrig of Hallsville were conducted Thursday at 2 p. m. in Chillicothe. Mr. Uhrig died suddenly Tuesday at 3 p. m. when talking to a neighbor, Henry Barnes, at the Barnes residence. He had not been ill and had not mentioned to Mr. Barnes that he was feeling unwell.

He leaves his widow, Mrs. Laura Tull Uhrig; a daughter, Mrs. Stella Wargo, Cleveland; two sons, Carl and Otis, of Dayton; two sisters, Miss Katherine Uhrig and Mrs. Elizabeth Bixler, Chillicothe; two brothers, Christopher and Adam, Chillicothe; five grandchildren and three great-grandchildren.

The Rev. Stanley Dunkle of Hallsville officiated at the services. Burial was in the Hallsville cemetery.

LOCAL TRUSTEES PLAN TO ATTEND STATE SESSION

Trustees of Pickaway county townships are preparing for the sixteenth annual convention of the Ohio State Association of Township Trustees and Clerks to be conducted in Columbus January 20, 21 and 22.

The three day school for township officials will be held with an anticipated attendance of 1,200.

Harry T. Roese of South Bloomfield, president of the Pickaway county Trustees' association, has been appointed a member of the resolutions committee by Joe R. Thomas of Hayesville, president of the association. Many township clerks and trustees are planning to participate in the convention.

Instruction as to the performance of their duties will be given these public officials at each of the sessions. Walter Garrison, chief of the bureau of inspection, will again conduct his question and answer forums.

Post-War planning will receive considerable attention during the program. State Highway Director Hal G. Sours will discuss "Post-War Road Planning", Dr. Howard L. Bevis, president of Ohio State University, will talk on "The University's Program in Returning Peace", and Judge Charles P. Baker, Jr. will consider "The Post-War Township".

"The Final Test of Democracy" is the subject chosen by Dr. Nathan Howard Gist of New York City who will appear on the convention program through the courtesy of the National Association of Manufacturers. Other speakers will present such timely topics as "The Future Of The Civilian Defense Programs" by State Director Ralph H. Stone, "The Public Employees Retirement System" by the board's secretary, Fred L. Schneider, and "The Highway Re-evaluation Committee" by its chairman, Senator Evert E. Addison, who serves Franklin and Pickaway counties.

An Old Timers' luncheon Thursday noon at the Seneca Hotel for township officials with ten years or more service will be held as usual. Mack Sauer, Leesburg newspaper editor and humorist, who has appeared on the program regularly for several years, will speak

on this occasion. The annual banquet will be held in the main ballroom of the Deshler-Wallick Hotel Thursday evening with Judge Carl V. Weygant, chief justice of the Supreme Court of Ohio, as the speaker.

The convention will begin with registration at Memorial Hall Thursday morning. The Rev. William Alexander, former South Bloomfield pastor, will bring the convention to a close Saturday noon with an entertaining address on "If I Had My Life To Live Over Again".

ALIMONY PETITION

Mrs. Elizabeth May Myers of Circleville filed an alimony petition Wednesday in common pleas court against Ralph Edward Myers in which the plaintiff asks that her husband be ordered to provide for her support and for that of their three minor children. The couple was married December 23, 1937.

WAR NOTES

It may be occurring to a lot of complacent Americans lately, if they grasp the facts of what is happening in Italy, that licking Hitler may not be so simple as they think. The Italians collapsed easily, but the Germans don't collapse. Wherever they get their feet in anybody else's door, they hang on like grim death. Their whole system may be expressed in three words—grab, hold, rule. They are holding Italy with a comparatively small army and thus keeping a lot of Allied forces far away from the Fatherland.

The Russians, of course, are doing wonderfully. But they can't win the whole war for us, and we wouldn't want them to if they could. The air men are great, but war still has to be won on the ground—not in the clouds and not underground.

Except in the air, the enemy so far has carried the ball, and done it on Allied territory. Meanwhile at Washington the activity seems to be mostly snarling and sniping and playing politics.

It doesn't have to be like this. All that is needed is a baptism of unity and cooperation, with perhaps a better sense, at Washington and at home, of the hell that our fighting men are going through for the rest of us.

BOUNDARIES

THERE is an old story of a man who was told that any wish he might make would be granted. If the Poles had this chance, they would, if they were wise, ask for mountains round their borders to mark their country off from Russia and Germany.

The lack of such natural boundaries is at the root of the present disagreement with Russia. There is no line to indicate to the traveller where one begins and another ends. That is why the Russians venture to claim lands that the Poles say are their own, and why the Poles have in the past spread out far in the east. A high mountain range would make it much easier for both Poles and Russians to keep their own. If Switzerland were as flat as Poland, Hitler would have taken it over long ago.

Americans can understand this, for not the least of our blessings are the two broad oceans that mark off American territory beyond dispute.

Then, too, there is the smart lad who told his father he wanted to "renegotiate" the rule about being in bed by 9 o'clock.

Again the impossible has happened, with one American surrounding 19 Germans and disarming them.

Record-Breaking Production | Jap Fleet's Reluctance to
Of Ships, Planes This Year | Clash With Us a Real Break
Special to Central Press

WASHINGTON—Looking ahead into this new year of 1944, Washington can promise the American people continued record-breaking production of planes and fighting ships, about the same amount of food they had in 1943, and at least a slight easing of the tight supply of consumer goods.

The heaviest accent on war production as the nation enters its third full year of conflict will be that on planes and naval vessels, which will account for about two-thirds of all battle manufacturing.

Planes are expected to reach a rate of 10,000 in production a month, for a 120,000-a-year total, compared with 85 to 86 thousand believed made in 1943. Artillery ammunition and heavy army truck production will be up.

Production of equipment for the ground army will be reduced in 1944, according to plan, and construction of Army bases and installations will drop to only a third of the 1942 rate because most of this work now has been done.

As for food, the war food administration insists that American diets in 1944 will equal nutritionally and quantitatively that of 1943 when Americans remained the best-fed people in the world. There will be slightly less meat, butter, cheese, canned fruits and vegetables, about the same amount of fluid milk, more eggs, poultry, potatoes, sweet potatoes, citrus fruit and cereal products.

The WFE has promised that any time critical metal becomes available it will be turned over in 1944 to civilian uses. Electric irons, washing machines and mechanical refrigerators, have been promised in strictly limited production this year and the WFE office of civilian requirements is expected to do something about the lack of alarm clocks.

AS SHIPS OF ALL TYPES slide down the ways and join the United States Navy in unprecedented numbers, American fleet supremacy in the Pacific becomes more marked day by day.

The WASHINGTON MERRY-GO-ROUND

By DREW PEARSON

THE 'THREE BLIND MICE'

WASHINGTON — A. F. Whitney, railroad brotherhood leader who stuck out his neck and was the first to accept Presidential arbitration of the railway wage dispute, has been getting it hot and heavy from the three brotherhoods which refused to arbitrate. But he came back at them the other day with a poem which reads:

Three blind mice—hear how they talk!
They all refuse to arbitrate—
They're gambling with their country's fate—
Though the hour is getting late
For the three blind mice.

This rhyme was sent by Railroad Trainman Whitney to all the secretaries, vice presidents, and subordinate lodges of his union with a confidential letter blasting the three hold-out brotherhoods. In the letter Whitney revealed that 450,000 copies of "Labor," the railroad brotherhood magazine, had been sent to the post-office just before the President offered arbitration.

"Thousands of these copies were recalled and destroyed," Whitney wrote to his fellow-trainmen. "On the following day they were reprinted without changing the cross on a 't' or the dot of an 'i'. This hasty action, of course, did not help the paper shortage, and in all probability will never be explained."

NOTE—Whitney didn't mention it, but between 8,000 and 10,000 copies of "Labor" were burned in a furnace in the Labor building just across from the Capitol building.

Whitney then went on to exorcise the three "non-arbitrating brotherhoods" whom "Labor" magazine had called "The Three Musketeers."

"Were they afraid to trust the President?" he asked. "Had they overlooked the fact that the commander-in-chief could settle the dispute without their consent? Or is it possible that they were playing organization politics in the hope that they may strengthen their numerical and financial condition?"

"Our experience is that organizations of labor must have something to offer to attract men to their ranks, and it would appear that these unions had utterly failed, since their memberships have been on the wane during the past 15 years."

Whitney put it right on the line in one of the most forthright letters of American labor history. This, and the name-calling of the three non-arbitrating brotherhoods, probably means just as serious a split among railroad labor as that between the A. F. L. and C. I. O.

HULL REMINISCES

Cordell Hull received an unexpected caller the other day, U. S. District Judge "Jeffy" O'Connor of California, former comptroller of the currency and the man who really pioneered the federal deposit insurance system after the big bank smash-up in 1932.

Hull had known Jeffy when Jeffy was one of the few Democrats in North Dakota. They had fought many progressive battles together — usually on the losing side. Recalling them, the secretary of state mused:

"Some day when the war is over and I can retire from all this, you and I must sit down together and look back over the mis-

DIET AND HEALTH

Outlook Is Hopeful For Angina Patient

By LOGAN CLENDENING, M. D.

THE MAN or woman who has a sudden attack of severe pain around the heart which the physician pronounces angina pectoris, generally takes the gloomiest view

Dr. Clendingen will answer questions of general interest only, and then only through his column.

of the ultimate outcome, makes a new will, and lies back, waiting the inevitable. He may lie that way for nearly twenty years, according to modern statistical surveys.

In other words, the pronouncement of angina, while it is by no means to be taken lightly, is not necessarily a prophecy of immediate doom.

The most complete and reliable statistics ever made on this subject has just been published by Drs. White, Blard and Miskall, of Boston. They followed up 50 cases of angina whom they saw during or previous to 1931 and ascertained the status, activity and health of each one of them as of the current year. These follow-up studies involve an enormous amount of work, but the results are proportionately valuable. They eliminate guess work, and furnish actual experience.

Duration of Life Increasing

If these and other studies are to be believed the duration of life of the patient after angina is increasing. In 1918 a report showed that the average was 2 years. Mackenzie found it to be 5 years. In 1925, in 1931 it was about the same. In the 1943 group the average (of those who died) is nearly 8 years.

It is possible to suppose that this improvement is due to a better

understanding of the disease, more accurate diagnosis, and better methods of treatment. At any rate the improvement is there, set down in black and white.

Another point that may be comforting to a person who has recovered from an attack is that every year of survival means a better outlook for length of life. If you survive three years, your chances of living out a fair expectancy begin to increase. In this series of patients 7 are living 20 years after the first attack, 4 are living 24 years after, and one is still living 32 years after the first attack.

Obedying Doctor Essential

Your chances of living some time after the first attack increase proportionately with the faithfulness with which you obey your doctor's orders about a long period of rest after a severe attack. Rest in bed for several weeks is a minimum, perhaps for months, depending on circumstances and limited activity forever after that is the best guarantee that you will live to see your grandchildren grow up.

The fellow who decides after his first attack on a short life but a merry one is pretty sure to attain at least half his decision—it will be short.

The actual figures on 500 cases—445 patients are dead and 55 are living. The number 445 may seem very high, but remember the average age when the patient entered the experience is 55. And of those living the average duration of life was 7 years, 10 months, 2 weeks. That would bring the life term up almost to the scriptural limit. Of the 55 who are still living the average duration of life is 15 years, 3 months.

Looking Back in Pickaway County

FIVE YEARS AGO

Marvin G. Steeley, Washington township, was elected a director of the Circleville Savings and Banking company at the annual meeting to replace C. Meinhardt Niles, Jackson township, who had resigned.

Circleville's postoffice hung

up a new record for postal receipts in 1938, business of the last quarter of 1938 being the highest for any corresponding quarter since 1930.

Pickaway county was to receive 250 grown pheasants from the Urbana game farm.

10 YEARS AGO

Lewis F. Vining of Columbus was to succeed Harold H. Taylor who was transferred to the Chillicothe Mykranitz store after four years as manager of the Circleville store.

Robert E. Greenlee, graduate of Circleville high school in 1932, was making excellent grades at Ohio State university where he was trying to complete a four-year course in three years.

Mr. and Mrs. John T. Winship of Bitters Creek, Mich., arrived for a brief visit with Mr. Winship's sister, Mrs. William Foreman, of South Scioto street. Mrs. Foreman was to accompany her brother and his wife to Florida to spend the winter at Miami and St. Petersburg.

25 YEARS AGO

Paul Nothstine, who entered service at Jasper, Ind., was honorably discharged from Camp Gordon, Atlanta, Ga. He was visiting Mr. and Mrs. E. E. Nothstine of the Island road.

Miss Cleo Cowger, a teacher at the Corwin street building, was transferred to the grade taught by Miss Myrtle Christy, Miss Christy having resigned after her marriage to Elmer

SYNOPSIS
MALLORY BAKER, self-centered, but young, beautiful and talented singer, has achieved success—with the aid of TOD PATRICK, her manager. He has been her agent since she was an entertainer striving to reach the top. En route to Mexico by plane, Mallory meets an attractive, rather mysterious young man, RICHARD BLYTHE.

CHAPTER EIGHTEEN
WHEN MALLORY suddenly began singing the Habanera her eyes bulged as they had when she saw the loaded revolver in the dressing table drawer. The eyes of the street spectators bulged fully as much. Children dropped off the car as if electrically shocked and backed away to stare with their mouths open. Except for a few giggles there was not a sound. But the giggles grew into a roar of laughter.

"The crazy Americana Norte!" everyone was thinking. That was apparent in their manner. Prism was thinking the same thing, only she was so accustomed to the idiotic doings of her mistress that she simply leaned back on her side of the car and waited for this latest stunt to end. She did not understand its purpose, but she did notice and appreciate the privacy it had obtained for them.

But the privacy did not last. Again the car was being covered, only this time not with children. Older persons were climbing onto the machine, much to the fury of Prism, and settling beside the singer. A wall of humanity encircled the car. No one was laughing now.

On Mallory Baker's countenance was a baffled look, as if some well-thought-of plan had boomeranged. But she kept singing in her expert Spanish. She was giving the aria as much thought as many gossamer, as if she were on a wide stage, aided by a competent orchestra and her own castanets. In fact, her fingers were trilling as if producing that clacking rhythm, her arms gliding in the correct manner, the left moving up as the right moved down, and the opposite.

They wove around her waist and back, around her hips and back. "I'm next step below a half wit," she thought to herself, while her lips formed the words of Carmen's seductive love song, her advances to Don Jose. "Here I am," Mallory mused further, "after having spurned a legitimate money offer, singing in the streets of a section equivalent to a New York slum. And for nothing!"

But she realized she could not really say, "For nothing." Too much ecstasy was written on the faces of the spectators. They were like those in New York who treasured pennies to sit in the top gallery, who so often knew the scores better than those in plush boxes. She wasn't really singing for nothing.

Someone began to play castanets. Mallory searched until she found that artist, a little girl, not over 10, who was clicking them in an expert rhythm that matched the Habanera. When the singer smiled at

her, she gleamed with pride, as did a woman standing beside her. Apparently her mother, for she, too, looked proud. A white-haired old lady in a work dress and apron swayed as if she were only 15. A young couple held hands. Two men kept such expert time with their snapping fingers that Mallory knew they were musicians.

When she had finished the song everyone burst into applause and cheers. There was an astounding crowd by now. From other streets people had crowded into this one block. Riders had stopped their cars to get out and join the throng. Prism inquired, "Got any more bright ideas? Taking it for granted you thought you had a bright idea."

"I did," admitted the girl in an undertone. "I thought if I sang a Spanish song they'd think I knew the language and stop annoying me—crazy, wasn't it? Now," she faltered, "I don't know what I want to do."

But her audience did. "Seguidilla! Seguidilla!" they began screaming, a noisy clamor for the song that follows the Habanera, the insinuating love song with which Carmen lures Jose into loosening the ropes about her wrists so that she can escape.

"You're gonna be here all night," Prism's gloomy prediction seemed correct.

Again the throng was screaming for the Seguidilla. The applause began to rise again, along with their demanding voices. But something was happening. At the outskirts of the crowd, a quiet was taking hold. People were dropping back before one man, in uniform, Mallory now saw. He made a path toward the car. Those who had perched on it were sliding away from his authority and angry expression.

"Jiggers, a cop!" mumbled Prism in the manner of a New York urger. She laughed softly without moving her facial muscles. "Maybe you're gonna get pinched, Miss Mallory, for singing on the streets without a license. Better get a good story before the man reached her, someone in the crowd spoke for the blond girl. "It's Mallory Baker."

The first utterance became a cry. Everyone began shouting. "Mallory Baker! Mallory Baker!" Until then, the girl had not known she was recognized. Even now her name was hard to distinguish because of the Latin accent on the second syllable of her first name, and on the final one of her last name.

But the policeman understood. By the time he reached the automobile he was smiling in response to the chant of the throng.

"Mees Baker!" came his Latin-accented welcome.

Mallory extended her hand and said, "How do you do?" Perhaps this was someone who would lead her out of her predicament.

"What are you doing here?" the man queried.

Prism was gazing at her mistress in a fashion that said, "Yeh. Answer that one." Otherwise she was resigned to this latest adventure.

"I had the route all figured out on my map," Mallory began. While she was talking the officer was shooting away those few who still

dared perch on top of the car seat, so that the girl now was able to sit down beside the bulky I. . . whom no interloper had managed to budge. "But I couldn't see any street names and any place I went to turn was a one-way street, looking the wrong way." His plaintive words were companion to a sweet smile.

The smile she used when she wanted to make a particularly helpful friend of someone. "Just using people," Tod Patrick termed such tactics. Those words were ringing in the girl's blond head, but she ignored them. The officer was looking at her with the sympathy that she knew from past experience would bring results.

"Somewhere I made a wrong turn and landed here. All the people and noises confused me. The children were yelling at me and I—I was embarrassed because I could not speak Spanish, so I thought I—I sang in Spanish—my pronunciation is supposed to be perfect—I thought everyone might think I knew the language and get out of my way. They were tea- . . . ng me, you know."

"That teasing, as you call it, is part of the behavior of this neighborhood, whether one speaks the native language or not. But you managed them in a way, Miss Baker. Your song has gained you a lot of admirers."

"Uhm, I'd say about 300-spectator admirers. A melting smile spread over his quite handsome face. "That includes me, Miss Baker." Suddenly he snapped back to the dignity of his rank. "But, must get you away from here."

"I want to go to a hotel. Some place where I can have Prism with me."

"Yes, yes," snapped the officer. Meanwhile he was searching the bystanders. "Ah, hhh, hhh, hhh, he summoned. "You drive Miss Baker out on 'Paseo de la Reforma to the Montecito. He interrupted the girl's protest objections, which she feigned elaborately. "Miss Baker, it is nothing. Nothing—oh, tips, of course. Otherwise, nothing."

"Teepees" again. But so well worth it, Mallory knew, this she slid over and let the plumed, round-faced Mexican boy take the wheel. She was being rescued. Again she shook hands with the policeman; the importance of that ritual in Mexico was beginning to be apparent to her. She waved to the still-standing, still attentive spectators, then relaxed again her maid's comfortably fat body as the car began to weave through the congested streets.

Then something caught her eye, something that swept every thought of relaxation from her body and brain. She sat stiffly upright, staring so hard that her head turned until her neck cracked.

On a vacant building were a dozen or more identical posters, all with some blazing announcement.

Mallory Baker—Americana Norte—Palacio de Bellas Artes—December. All the words flashed at the singer. Also the numerals beneath the word December—21. Those fateful numerals that advertised her first concert arranged by Tod Patrick.

December 21.

STARS SAY—

For Thursday, January 13
PROGRESSIVE ideas, with proper constructive thinking and balanced regulation of systems and details, should bring surprising and unforeseen advantages for the successful development of very ambitious programs. These may be outside the customary domain of usual procedure yet call for a calm, rational and understanding grasp of the possibilities, rather than by forced issues, erratic or irregular ways and means. Take time out for rest and working out reasonable measures, and much profit and personal happiness are in sight. Adventure and romance are also in the offing.

Those whose birthday it is are faced by a year of decided opportunity for pushing their affairs in to high places of success and progress, probably in unusual or exceptional channels. But this advancement and objective may be best secured by calm and keen insight into the underlying factors, with a reasonable and workable program for pushing to cherished goals. Snap judgments and slipshod methods would jeopardize high prospects. With clever management there is promise of a profitable, happy and perhaps romantic denouement to exciting affairs.

A child born on this day will have exceptional talent, sustained by practical skill and creative ability. These should be supported by a studious, rational and thoughtful mode of operation rather than impulse and emotion, for a successful and happy career.

The fin-back whale is the fastest of the whale family. Sailors have estimated its speed to reach at times 70 miles an hour.

WAR NOTES

It may be occurring to a lot of complacent Americans lately, if they grasp the facts of what is happening in Italy, that licking Hitler may not be so simple as they think. The Italians collapsed easily, but the Germans don't collapse. Wherever they get their feet in anybody else's door, they hang on like grim death. Their whole system may be expressed in three words—grab, hold, rule. They are holding Italy with a comparatively small army and thus keeping a lot of Allied forces far away from the Fatherland.

The Russians, of course, are doing wonderfully. But they can't win the whole war for us, and we wouldn't want them to if they could. The air men are great, but war still has to be won on the ground—not in the clouds and not underground.

Except in the air, the enemy so far has carried the ball, and done it on Allied territory. Meanwhile at Washington the activity seems to be mostly snarling and sniping and playing politics.

It doesn't have to be like this. All that is needed is a baptism of unity and cooperation, with perhaps a better sense, at Washington and at home, of the hell that our fighting men are going through for the rest of us.

BOUNDARIES

THERE is an old story of a man who was told that any wish he might make would be granted. If the Poles had this chance, they would, if they were wise, ask for mountains round their borders to mark their country off from Russia and Germany.

The lack of such natural boundaries is at the root of the present disagreement with Russia. There is no line to indicate to the traveller where one begins and another ends. That is why the Russians venture to claim lands that the Poles say are their own, and why the Poles have in the past spread out far in the east. A high mountain range would make it much easier for both Poles and Russians to keep their own. If Switzerland were as flat as Poland, Hitler would have taken it over long ago.

Americans can understand this, for not the least of our blessings are the two broad oceans that mark off American territory beyond dispute.

Then, too, there is the smart lad who told his father he wanted to "renegotiate" the rule about being in bed by 9 o'clock.

Again the impossible has happened, with one American surrounding 19 Germans and disarming them.

The WASHINGTON MERRY-GO-ROUND

By DREW PEARSON

THE 'THREE BLIND MICE'

WASHINGTON — A. F. Whitney, railroad brotherhood leader who stuck out his neck and was the first to accept Presidential arbitration of the railway wage dispute, has been getting it hot and heavy from the three brotherhoods which refused to arbitrate. But he came back at them the other day with a poem which reads:

Three blind mice—hear how they talk!
They all refuse to arbitrate—
They're gambling with their country's fate—
Though the hour is getting late
For the three blind mice.

This rhyme was sent by Railroad Trainman Whitney to all the secretaries, vice presidents, and subordinate lodges of his union with a confidential letter blasting the three hold-out brotherhoods. In the letter Whitney revealed that 450,000 copies of "Labor," the railroad brotherhood magazine, had been sent to the postoffice just before the President offered arbitration.

"Thousands of these copies were recalled and destroyed," Whitney wrote to his fellow-trainmen. "On the following day they were reprinted without changing the cross on a 't' or the dot of an 'i'. This hasty action, of course, did not help the paper shortage, and in all probability will never be explained."

NOTE—Whitney didn't mention it, but between 8,000 and 10,000 copies of "Labor" were burned in a furnace in the Labor building just across from the Capitol building.

Whitney then went on to excoriate the three "non-arbitrating brotherhoods" whom "Labor" magazine had called "The Three Musketeers."

"Were they afraid to trust the President?" he asked. "Had they overlooked the fact that the commander-in-chief could settle the dispute without their consent? Or is it possible that they were playing organization politics in the hope that they may strengthen their numerical and financial condition?"

"Our experience is that organizations of labor must have something to offer to attract men to their ranks, and it would appear that these unions had utterly failed, since their memberships have been on the wane during the past 15 years."

Whitney put it right on the line in one of the most forthright letters of American labor history. This, and the name-calling of the three non-arbitrating brotherhoods, probably means just as serious a split among railroad labor as that between the A. F. L. and C. I. O.

HULL REMINISCES

Cordell Hull received an unexpected caller the other day, U. S. District Judge "Jeffy" O'Connor of California, former comptroller of the currency and the man who really pioneered the federal deposit insurance system after the big bank smash-up in 1932.

In fact, her fingers were trilling as if producing that clacking rhythm, her arms gliding in the correct manner, the left moving up as the right moved down, and the opposite. They were around her waist and back, around her hips and back.

"I'm next step below a half-wit," she thought to herself, while her lips formed the words of Carmen's seductive love song, her advances to Don Jose. "Here I am," Mallory mused further, "after having spurned a legitimate money offer, singing in the streets of a section equivalent to a New York slum. And for nothing!"

But she realized she could not really say, "For nothing." Too much ecstasy was written on the faces of the spectators. They were like those in New York who treasured pennies to sit in the top gallery, who so often knew the scores better than those in plush boxes. She wasn't really singing for nothing.

Someone began to play castanets. Mallory searched until she found that artist, a little girl, not over 10, who was clicking them in an expert rhythm that matched the Habanera. When the singer smiled at her, she gleamed with pride, as did a woman standing beside her. Apparently her mother, for she, too, looked proud. A white-haired old lady in a work dress and apron swayed as if she were only 16. A young couple held hands. Two men kept such expert time with their snapping fingers that Mallory knew they were musicians.

When she had finished the song everyone burst into applause and cheers. There was an astounding crowd by now. From other streets people had crowded into this one block. Riders had stopped their cars to get out and join the throng.

Under cover of pounding hands Prism inquired, "Got any more bright ideas? Taking it for granted you thought you had a bright idea." "I did," admitted the girl in an undertone. "I thought if I sang a Spanish song, they'd think I knew the language and stop annoying me—crazy, wasn't it? Now," she faltered, "I don't know what I want to do."

But her audience did. "Seguidilla! Seguidilla!" they began screaming, a noisy clamor for the song that follows the Habanera, the insinuating love song with which Carmen lures Jose into loosening the ropes about her wrists so that she can escape.

"You're gonna be here all night," Prism's gloomy prediction seemed correct. Again the throng was screaming for the Seguidilla. The applause began to rise again, along with their demanding voices. But something was happening. At the outskirts of the crowd, a quiet was taking hold. People were dropping back before one man, in uniform, Mallory now saw. He made a path toward the car. Those who had perched on it were sliding away from his authority and angry expression.

"Jiggers, a cop!" mumbled Prism in the manner of a New York urchin. She laughed softly without moving her facial muscles. "Maybe you're gonna get pinched, Miss Mallory for singing in the streets without a license. Better get a good story ready."

But before the man reached her, someone in the crowd spoke for the blond girl. "It's Mallory Baker." The first utterance became a cry. Everyone began shouting, "Mallory Baker! Mallory Baker!" Until then, the girl had not known she was recognized. Even now her name was hard to distinguish because of the Latin accent on the second syllable of her first name and on the final one of her last name.

But the policeman understood. By the time he reached the automobile he was smiling in response to the chant of the throng. "Mees Baker!" came his Latin-accented welcome.

Mallory extended her hand and said, "How do you do?" Perhaps this was someone who would lead her out of her predicament.

"What are you doing here?" the man queried.

Prism was gazing at her mistress in a fashion that said, "Yeh, Answer that one." Otherwise she was resigned to this latest adventure.

"I had the route all figured out on my map," Mallory began. While she was talking the officer was shooting away those few who still

her, she gleamed with pride, as did a woman standing beside her. Apparently her mother, for she, too, looked proud. A white-haired old lady in a work dress and apron swayed as if she were only 16. A young couple held hands. Two men kept such expert time with their snapping fingers that Mallory knew they were musicians.

Mallory extended her hand and said, "How do you do?" Perhaps this was someone who would lead her out of her predicament.

"What are you doing here?" the man queried.

Prism was gazing at her mistress in a fashion that said, "Yeh, Answer that one." Otherwise she was resigned to this latest adventure.

"I had the route all figured out on my map," Mallory began. While she was talking the officer was shooting away those few who still

dared perch on top of the car seat, so that the girl now was able to sit down beside the bulky 1, on whom no interloper had managed to lunge. "But I couldn't see any street names and any place I walked to turn was a one-way street going the wrong way." Her plaintive words were companion to a sweet smile.

The smile she used when she wanted to make a particularly helpful friend of someone. "Just using people," Tod Patrick termed such tactics. Those words were ringing in the girl's blond head, but she ignored them. The officer was looking at her with the sympathy that she knew from past experience would bring results.

"Somehow I made a wrong turn and landed here. All the people and noises confused me. The children were yelling at me and I—I was embarrassed because I could not speak Spanish, so I thought I sang in Spanish—my pronunciation is supposed to be perfect—I thought everyone might think I knew the language and get out of my way. They were teasing me, you know."

"That teasing, as you call it, is part of the behavior of this neighborhood, whether one speaks the native language or not. But you managed them in a way, Miss Baker. Your song has gained you a lot of admirers." A melting smile spread over his quite handsome face. "That includes me, Miss Baker." Suddenly he snapped back to the dignity of his rank. "But, you must get away from here."

"I want to go to a hotel. Some place where I can have Prism with me."

"Yes, yeh," snapped the officer. Meanwhile he was searching the bystanders. "Ah-huh, Armando," he summoned. "You drive Miss Baker out on 'Paseo de la Reforma to the Montecito.' He interrupted the girl's profuse objections, which she feigned laboriously. "Miss Baker, it is nothing. Nothing—oh, tips, of course. Otherwise, nothing."

"Teeps" again. But so well worth it, Mallory knew, that she slid over and let the plump, round-faced Mexican boy take the wheel. She was being rescued. Again she shook hands with the policeman; the importance of that ritual in Mexico was beginning to be apparent to her. She waved to the still-standing, still attentive spectators, then relaxed against her maid's comfortably fat body as the car began to weave through the congested streets.

Then something caught her eye, something that swept every thought of relaxation from her body and brain. She sat stiffly upright, staring so hard that her head turned until her neck cracked.

On a vacant building were a dozen or more identical posters, all with some blazing announcement.

Mallory Baker—Americana Norte—soprano—Palacio de Bellas Artes—December. All the words flashed at the singer. Also the numerals beneath the word December—21. Those fateful numerals that advertised her first concert arranged by Tod Patrick.

December 21.

GRAB BAG

while your neighbors do. It might be worth while to phone a few friends, telling them you would like to have them come over for a friendly evening. It may be a little trouble but it will pay.

Today's Horoscope
Today's birthday celebrant is unusually energetic, independent, ambitious, persevering. Unless working for themselves, people of this nature gain nothing when tied to others. By gaining some poise and control of your temper you will be happier and more successful in your business and social life. Business will progress well in the next year. Promotion and benefits by legacy are likely. Deal with property; seek favors of those in authority. Born on this date a child will have many good friends and relatives. Substantial gain and success are foreseen. The disposition will be generous and the ideals lofty.

Inside WASHINGTON

Record-Breaking Production Of Ships, Planes This Year | Jap Fleet's Reluctance to Clash With Us a Real Break
Special to Central Press

WASHINGTON—Looking ahead into this new year of 1944, Washington can promise the American people continued record-breaking production of planes and fighting ships, about the same amount of food they had in 1943, and at least a slight easing of the tight supply of consumer goods.

The heaviest accent on war production as the nation enters its third full year of conflict will be that on planes and naval vessels, which will account for about two-thirds of all battle manufacturing. Planes are expected to reach a rate of 10,000 in production a month, for a 120,000-a-year total, compared with 85 to 86 thousand believed made in 1943. Artillery ammunition and heavy army truck production will be up.

Production of equipment for the ground army will be reduced in 1944, according to plan, and construction of Army bases and installations will drop to only a third of the 1942 rate because most of this work now has been done.

As for food, the war food administration insists that American diets in 1944 will equal nutritionally and quantitatively that of 1943 when Americans remained the best-fed people in the world. There will be slightly less meat, butter, cheese, canned fruits and vegetables; about the same amount of fluid milk, more eggs, poultry, potatoes, sweet potatoes, citrus fruit and cereal products.

The WPE has promised that any time critical metal becomes available it will be turned over in 1944 to civilian uses. Electric irons, washing machines and mechanical refrigerators, have been promised in strictly limited production this year and the WPE office of civilian requirements is expected to do something about the lack of alarm clocks.

AS SHIPS OF ALL TYPES slide down the ways and join the United States Navy in unprecedented numbers, American fleet supremacy in the Pacific becomes more marked day by day.

Refusal of the Japs to come out for a major engagement of the main fleets has served to aid the American Navy. Even the best authorities admit there could be no major engagement without some losses on both sides.

Thus, under a building schedule that allowed for losses that have not occurred, the Navy has expanded faster than expected. The Japanese, of course, are probably building, too, but experts doubt they can build, launch and commission combat ships as fast as the United States does.

The Jap high command must know this, but apparently is helpless to do anything about it. Meanwhile, the American fleet is itching for the final, big show-down battle—any place—any time.

BELIEVE IT OR NOT, the Office of Price Administration is not in quite so bad with the people as it was some time back. Price Administrator Chester Bowles himself is authority for that. "While the public still dislikes rationing," Bowles says, "it is beginning to ask itself what conditions would be without restrictions of any kind. Complaints against rationing are on the down-grade. But mail complaining about prices has gained."

A SMOLDERING BATTLE over recapture of war profits is due to break into the open on the senate floor soon after congress reconvenes, Jan. 10.

Up to now, the fight has been waged behind the locked doors of the house ways and means committee and the senate finance committee during work on the new tax bill.

However, Sen. Harry S. Truman (D) of Missouri, chairman of the senate special defense committee, has promised to stir up a virtual witches brew, legislatively.

"I'll fight changes with everything I have," Truman says. The question is: How far should congress go in modifying the war contract renegotiation law passed in the spring of 1942.

Battle Over War Profits Looms Near

Truman says.

Music Features Meet Of Business Women's Club

Session Called To Sew for Hospital

Business and Professional Women's club met Wednesday in the club rooms, Masonic temple, a splendid program of music being presented by Mrs. Frank Kline, Jr., chairman.

For the first number, Mrs. Martin Winkle played a piano solo, "The World is Waiting for the Sunrise", followed by vocal solos by Marjorie Henness including "Star of Me", "Golden Days" and "I'll Follow My Secret Heart", with piano accompaniments by Mrs. Harriet Henness.

Miss Caroline Sites, music instructor of Washington township school, played "The White Peacock" as a piano solo, Clarinet solos, "The Swallow" and "Finale from Air Variations", by Miss Dana Mary Poling, music instructor of Walnut township school, were accompanied at the piano by Miss Sites.

Girls sextet of Circleville high school presented four numbers, "Smoke Gets in Your Eyes", "My Buddy", "Sleep" and "American Lullaby", with accompaniments by Miss Marjorie Voorhes, instructor of music in the Circleville schools. Members of the sextet are Mary Katherine Morgan, Caroline Herrmann, Ruth Esther Blum, Eleanor Beck, Anna Ruth Defenbaugh and Ann Snider.

The program was varied by two readings, "My Purple Dress" and "Mary Had a Little Lamb", by Mrs. Clifford Hedges of Washington township, who highly entertained the group with her clever work.

Mrs. G. A. Snider, a member of the B. and P. W. club of Union City, Ind., interested the club members with her brief talk. Mrs. Snider is living for the present with her sister, Mrs. J. C. Rader, South Washington street, while Mr. Snider is serving with the armed forces.

Miss Rose Good, president, was in the chair for the business hour. Plans being made for a special meeting Thursday, January 20, at the home of Mrs. Joe Work, Watt street, to sew and to do mending for Berger hospital.

The next regular meeting of the club will be January 28 in the club rooms.

Marriage Revealed

Mr. and Mrs. Harvey Kirby of 21 Folsom avenue announce the marriage of their daughter, Eileen, to S/Sgt. William J. Lewis, Tallahassee, Florida. The marriage was solemnized January 8, 1944, at the Presbyterian manse, East Mound street, by the Rev. Carl Kennedy.

Attendants at the wedding were Miss Opal Kirby, sister of the bride, and Miss Lucille Stambaugh of Circleville; Mrs. Rea Norris and Miss Eva Mae Ramey, Columbus. The bride is a graduate of Circleville high school in the class of 1941 and for the last six months has been employed at Lockbourne Army Air Base.

The couple left Monday night for a short visit with the bridegroom's parents, Mr. and Mrs. G. C. Lewis, Tallahassee, Florida. When they return, they will reside at 135 South Champion avenue, Columbus.

Late December Marriage

Staff Sergeant and Mrs. William H. Gordon, who have been living at 850 North Court street since their marriage December 31, 1943, left Wednesday for a two-week honeymoon trip through the West.

They were married in South Bloomfield, exchanging their nuptial vows in a double ring ceremony at 7:30 p. m. with the Rev. Ernest D. Bartlett officiating. The bride chose an afternoon frock of poudre blue for the quiet wedding and wore a small white feather hat. Her accessories were a luggage tan. A corsage of two white orchids was pinned at her shoulder.

Miss Joan Tosca of Ashville, who served as maid of honor and only attendant, wore royal blue tulle black accessories. Corporal Alvin Sommerfeld of Wisconsin attended Sgt. Gordon as best man.

Circle 3

Circle 3 of the W. S. C. S. of the Methodist church was entertained Wednesday at the home of Mrs. G. H. Adkins, East Main street, 11 members attending the January session.

Mrs. Adkins, circle chairman, opened the meeting with an interesting reading, "Holy Crusade", by J. Edgar Hoover. She also gave a reading, "Prayer for the New Year." Mrs. I. B. Weller presented a timely reading.

The Rev. Clarence Swearingen, guest speaker, held the close attention of the group with his fine talk. Mrs. F. L. Mangan, treasurer of the circle, presented an encouraging report for the year. Plans were discussed for money-making projects for the coming year. It was decided to have a Valentine party for February.

Mrs. Adkins appointed a nominating committee consisting of Mrs.

Lutheran Ladies' Society

Fifty members answered roll call Wednesday at the meeting of the Ladies' society of Trinity Lutheran church and 10 new members were added to the list, including Miss Mabel Cline, Mrs. Ida Hedges, Mrs. Milton Kellstadt, Mrs. George W. List, Mrs. Floyd Ott, Mrs. Scott Radcliff, Mrs. Nellie Stuckey, Miss Mae B. Strous, Mrs. Charles Walters, Mrs. Nelson Walliser. Fifteen guests were present also for the afternoon session in the parish house.

Mrs. Denny Pickens, new chaplain of the society, opened the devotions and Mrs. G. L. Troutman gave a very interesting talk on the topics, World Mission and the Orphan Missions, and told of the aid given by the Lutheran world action.

Mrs. Charles Beck, treasurer, and Mrs. Gladden Troutman, secretary, presented summaries of their year reports. It was reported that 18 readers were on the reading circle list with 12 on the honor roll.

Mrs. Frank Turner reported that \$148.75 was collected in the Thank-offering fund. Mrs. Allen Arbogast reported a revenue of \$12.78 from cancelled sales tax stamps.

A Bible novelty was presented by Mrs. R. D. Good and Mrs. John Thomas, and a playlet, "One Resolve", by Mrs. Charles Walters, Mrs. Gladden Troutman, Mrs. Henry Bartholomew, Ruth Troutman, Ronald Melvin, Patty Arbogast, Nancy Sensenbrenner, Jimmy Bartholomew.

An excellent lunch was served by Mrs. William Welfler, Mrs. Mary Schleyer, Mrs. Anna Ritt, Mrs. J. C. Carpenter, Mrs. F. H. Palm, Mrs. Rose Brunner and Mrs. Charles Fellers.

Logan Elm Grange

Logan Elm grange will have a fine program at the regular meeting Tuesday in Pickaway township school auditorium, Loring Hill of Kingston and his group being responsible for the entertainment.

Scioto Grange

Scioto grange will meet Wednesday at 7:30 p. m. in Commercial Point school auditorium.

Circle 2

Circle 2 of the W. S. C. S. of the Methodist church met Wednesday at the home of Mrs. Mary A. Kibler, East Main street, with 16 members and two guests, Mrs. H. E. Mowery and Miss Ruth Dixon, present. Mrs. Ora Pontius and Mrs. Harry Griner were assisting hostesses.

Mrs. Edgar Carman, circle chairman, opened the meeting with group singing and a devotional service. After routine reports, the business hour was followed with a talk by Mrs. Pontius, who gave an outline for each month of the coming year. Mrs. W. L. Sprouse read articles on China, Africa and India. Mrs.

Most Photogenic

FAYE LYNCH, who operates a machine that trims fan belts for Akron trucks and jeeps at an Akron, O. plant, has been chosen the most photogenic girl in town by Akron Camera club members. Her husband is overseas in the Army. (International)

Ethel Palsgrove conducted a Bible quiz. Lunch was served at the close of the meeting.

The next meeting, February 9, will be at the home of Miss Anna and Miss Estelle Grimes, East Mound street.

Advisory Council 5

Advisory Council 5 met Tuesday at the home of Mr. and Mrs. Ned Landis, Pickaway township, with eight members present. Mr. Landis, president, led the business meeting and Mrs. Cora Rader Hood, the discussions.

The group went on record as favoring the purchase of the Ohio Midland Electric company by the R. E. A. of three districts, including this county. The council favored also the removal of ration points on pork for a period of adjustment.

Lunch was served during the closing hour.

Union Guild

Union Guild met Wednesday at the home of Mrs. O. A. Lanman, near Williamsport, with 22 members and visitors present. Mrs. George Fischer, new president, was in the chair and received the annual report of the guild from Mrs. Leo Hodgson, outgoing head of the society. Mrs. Olan Schooley reported as secretary.

Group singing of "Love Lifted Me" was followed with a New Year's prayer by Miss Bertha Jones and the Lord's prayer in unison.

A program of readings included "Occupation, Housewife", by Mrs. Harry Barthelmas; "God's Victory Garden", Mrs. Mada Barch; "Under Sealed Orders", Mrs. Herbert Thomas; "My Kitchen", Mrs. Lee Winks; "When It's Over", Mrs. Roy Rittinger; song, "America, the Beautiful", followed by the benediction.

Contests conducted by Mrs. Barthelmas and Mrs. Roy Newlon were won by Mrs. Thomas and Mrs. Rittinger.

During the social hour, delicious refreshments were served by Mrs. Lanman and Miss Jones.

The next meeting will be February 9 at the home of Mrs. Roy Newlon with Mrs. George Fischer assisting.

Presby-Weds

Presby-Weds of the Presbyterian church will meet Wednesday, January 19, at 6:30 p. m. in the social room of the church. Mr. and Mrs. A. P. McCoard and Mr. and Mrs. Harry Graef will be hosts.

Mr. and Mrs. R. P. Enderlin of 637 South Court street were in Athens Thursday, attending funeral services for Mrs. Enderlin's aunt, Mrs. Frank Phillips.

Mrs. James Corriveau and son of Wilson avenue are spending a few days with Mr. and Mrs. Henry Corriveau of Columbus.

Mrs. Harold Morgan has returned from Durham, N. C., after spending a few days with her husband, Pvt. Harold Morgan, who is stationed at Camp Butner.

Mrs. Donald Myers of Toledo came to Circleville Wednesday for a visit with her father, Dr. George W. Heffner, who is staying for the present at the home of Mrs. Glenn I. Nickerson, South Court street. Dr. Heffner is slowly recovering after a recent illness.

Mrs. J. C. Mullins has returned to her home, 346 East Franklin street, after an extended visit with relatives and friends in St. Louis.

Miss Dorothy Adkins of Washington, D. C., is visiting at the home of her parents, Mr. and Mrs. G. H. Adkins, East Main street.

Mr. and Mrs. Homer Wright of Saltcreek township were Wednesday business visitors in Circleville.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Mrs. Edward Hutchinson of Ashville receives regular copies of the Seabee, publication of the Navy Seabees in which her husband, Seaman First Class Hutchinson, is serving. The Tenth combat outfit to which Hutchinson is attached is lauded in the publication for constructing a floating dock in only eight days. A photo of the outfit appears in the Seabee, but Mrs. Hutchinson is unable to pick out her husband. Much news of interest to Seabees and their families appears in the publication. One of the items in the copy received this week by Mrs. Hutchinson says that all Seabee rating badges will now be worn on the left sleeve regardless of former rulings.

Ordinance M. A. M. Co., APO 185, Los Angeles, Cal. Kenneth was formerly at San Antonio, Texas, and Harold was transferred from Camp Berkeley, Texas.

New address of Corporal Harold White, ASN 35411557, is APO 610, care of postmaster, New York.

Assignment of several Pickaway countians recently inducted into service was announced by Fort Thomas, Ky., classification and assignment center. In the group are:

Raymond J. Haley, Circleville, 746th engineer company, Camp Sutton, N. C.

John M. Fullen, Williamsport RFD, to engineer training center, Camp Claiborne, La.

Eugene Gilpen, New Holland, and Charles Smith, Circleville, to 1584th service unit, Camp Atterbury, Ind.

Forbes Rohrer, Orient, and James R. Stevens, Circleville, to 352nd harbor craft company, Camp Gordon Johnston, Fla.

Corporal Charles Wilson has a birthday February 1. He would appreciate receiving cards from his friends. Wilson's address is: ASN 35415506, 515th squadron, A. A. F. N. S. San Marcos, Texas.

New address of Aviation Cadet Edward C. Ebert is: 44E, Barracks 17-16, WAAF (basic), Waco, Texas.

Special notice ABOUT COLDS

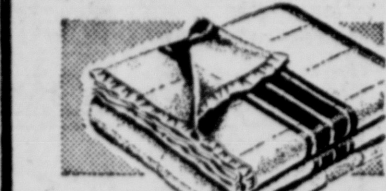

Now when colds strike, relieve misery with home-proved Vicks VapoRub that

ACTS 2 WAYS AT ONCE..

It PENETRATES to upper bronchial tubes with soothing medicinal vapors. It STIMULATES chest and back surfaces like a warming poultice. And what's more, it keeps right on working for hours—even while you sleep!

ASHVILLE

It requires four times as long to fill out even the simplest of the new income tax forms as it did last year. That's the finding of the income tax experts of the Columbus Chamber of Commerce, as explained during a school conducted by that organization last week. So it is being suggested that those who have tax reports to file, begin work on them long before the March 15 deadline, in order to avoid the last minute rush. After examining the tax blanks mailed to me recently, I doubt the ability of the United States to maintain order in the world. If our Treasury Department edits tax return forms which a natural-born American can't understand, we will have a hard time making some Zulu chieftain understand "what it's all about."

Ralph Dresbach completed his "boot training" at Great Lakes recently with flying colors, placing third in his class of 120 members.

William Fischer, Jr., who underwent a tonsilectomy recently, is making slow progress toward recovery, but will not be able to resume work for a few days.

The Young Married People's Class of the Methodist Church will

Ralph is at present enjoying a furlough with his family, before returning for further instruction at a Navy school as yet unknown.

A survey in the Boston, Massachusetts, schools revealed that over half of the sixth grade pupils believed that the United States has had only one president, F. D. Roosevelt. My Democratic friends say for the pupils to be patient, that they will probably get a chance to vote for him when they grow up.

The Lutheran Brotherhood banquet will be held Thursday evening at the Ashville Church beginning at 6:30 p. m. Prof. Cotterman of Capital University will be the principal speaker, and local school pupils will furnish the music for the occasion.

William Fischer, Jr., who underwent a tonsilectomy recently, is making slow progress toward recovery, but will not be able to resume work for a few days.

The Young Married People's Class of the Methodist Church will

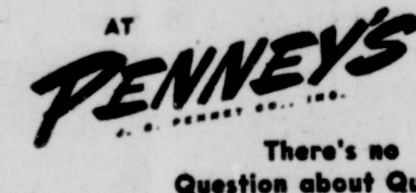

hold a "pot-luck" supper Thursday at 6:30 p. m. Later in the evening they plan to re-decorate the church basement. Members of other classes are invited to attend.

The Ashville Banking Co. held its re-organization meeting Wednesday with the following officers elected for the present year: president, W. E. Hall; vice president, J. L. Spindler; cashier, C. D. Kraft; directors, J. M. Borror, chairman, Ira Fisher, W. E. Hall, J. R. Hedges, H. D. Rhodes, J. L. Spindler, and Paul W. Teegardin.

British newspapers have cut their paper consumption to about one sixth of pre-war.

Music Features Meet Of Business Women's Club

Session Called To Sew for Hospital

SOCIAL CALENDAR

Business and Professional Women's club met Wednesday in the club rooms, Masonic temple, a splendid program of music being presented by Mrs. Frank Kline, Jr., chairman.

For the first number, Mrs. Martin Winkle played a piano solo, "The World is Waiting for the Sunrise," followed by vocal solos by Marvina Henness including "Star of Me," "Golden Days" and "I'll Follow My Secret Heart," with piano accompaniments by Mrs. Harriet Henness.

Miss Caroline Sites, music instructor of Washington township school, played "The White Peacock" as a piano solo. Clarinet solos, "The Swallow" and "Finale from Air Variations," by Miss Dana Mary Poling, music instructor of Walnut township school, were accompanied at the piano by Miss Sites.

Girls sextet of Circleville high school presented four numbers, "Smoke Gets in Your Eyes," "My Buddy," "Sleep" and "American Lullaby," with accompaniments by Miss Marjorie Vorhees, instructor of music in the Circleville schools. Members of the sextet are Mary Katherine Morgan, Caroline Herrmann, Ruth Esther Blum, Eleanor Beck, Anna Ruth Defenbaugh and Ann Snider.

The program was varied by two readings, "My Purple Dress" and "Mary Had a Little Lamb," by Mrs. Clifford Hedges of Washington township, who highly entertained the group with her clever work.

Mrs. G. A. Snider, a member of the B. and W. C. club of Union City, Ind., interested the club members with her brief talk, Mrs. Snider is living for the present with her sister, Mrs. J. C. Rader, South Washington street, while Mr. Snider is serving with the armed forces.

Miss Rose Good, president, was in the chair for the business hour, plans being made for a special meeting Thursday, January 20, at the home of Mrs. Joe Work, Watt street, to sew and to do mending for Berger hospital.

The next regular meeting of the club will be January 28 in the club rooms.

Marriage Revealed

Mr. and Mrs. Harvey Kirby of 721 Folsom avenue announce the marriage of their daughter, Eileen, to Sgt. William J. Lewis, Tallahassee, Florida. The marriage was solemnized January 8, 1944, at the Presbyterian manse, East Mound street, by the Rev. Carl Kennedy.

Attendants at the wedding were Miss Opal Kirby, sister of the bride, and Miss Lucille Stambaugh of Circleville; Mrs. Rex Norris and Miss Eva Mae Ramey, Columbus.

The bride is a graduate of Circleville high school in the class of 1941 and for the last six months has been employed at Lockbourne Army Air Base.

The couple left Monday night for a short visit with the bridegroom's parents, Mr. and Mrs. G. C. Lewis, Tallahassee, Florida. When they return, they will reside at 135 South Champion avenue, Columbus.

Late December Marriage

Staff Sergeant and Mrs. William H. Gordon, who have been living at 850 North Court street since their marriage December 31, 1943, left Wednesday for a two-week honeymoon trip through the West.

They were married in South Bloomfield, exchanging their nuptial vows in a double ring ceremony at 7:30 p. m. with the Rev. Ernest D. Bartlett officiating.

The bride chose an afternoon frock of poudre blue for the quiet wedding and wore a small white feather hat. Her accessories were a luggage tan. A corsage of two white orchids was pinned at her shoulder.

Miss Joan Tosca of Ashville, who served as maid of honor and only attendant, wore royal blue with black accessories, and a pink rosebud corsage. Corporal Alvin Sommerfeld of Wisconsin attended Sgt. Gordon as best man.

Circle 3

Circle 3 of the W. S. C. S. of the Methodist church was entertained Wednesday at the home of Mrs. G. H. Adkins, East Main street, 11 members attending the January session.

Mrs. Adkins, circle chairman, opened the meeting with an interesting reading, "Holy Crusade," by J. Edgar Hoover. She also gave a reading, "Prayer for the New Year," Mrs. I. B. Weller presented a timely reading.

The Rev. Clarence Swearingen, guest speaker, held the close attention of the group with his fine talk, Mrs. F. L. Mangan, treasurer of the circle, presented an encouraging report for the year. Plans were discussed for money-making projects for the coming year. It was decided to have a Valentine party for February.

Mrs. Adkins appointed a notifying committee consisting of Mrs.

Most Photogenic

FAYE LYNCH, who operates a machine that trims fan belts for Army trucks and jeeps at an Akron, O., plant, has been chosen the most photogenic girl in town by Akron Camera club members. Her husband is overseas in the Army. (International)

Ethel Paisgrove conducted a Bible quiz.

Lunch was served at the close of the meeting.

The next meeting, February 9, will be at the home of Miss Anna and Miss Estelle Grimes, East Mound street.

Advisory Council 5

Advisory Council 5 met Tuesday at the home of Mr. and Mrs. Ned Landis, Pickaway township, with eight members present. Mr. Landis, president, led the business meeting and Mrs. Cora Rader Hood, the discussions.

The group went on record as favoring the purchase of the Ohio Midland Electric company by the R. E. A. of three districts, including this county. The council favored also the removal of ration points on pork for a period of adjustment.

Lunch was served during the closing hour.

Union Guild

Union Guild met Wednesday at the home of Mrs. O. A. Lannan, near Williamsport, with 22 members and visitors present. Mrs. George Fischer, new president, was in the chair and received the annual report of the guild from Mrs. Leo Hodgson, outgoing head of the society. Mrs. Olan Schooley reported as secretary.

Group singing of "Love Lifted Me" was followed with a New Year's prayer by Miss Bertha Jones and the Lord's prayer in unison.

A program of readings included "Occupation, Housewife," by Mrs. Harry Barthelmas; "God's Victory Garden," Mrs. Mada Barch; "Under Sealed Orders," Mrs. Herbert Thomas; "My Kitchen," Mrs. Lee Winks; "When It's Over," Mrs. Roy Rittinger; song, "America, the Beautiful," followed by the benediction.

Contests conducted by Mrs. Barthelmas and Mrs. Roy Newlon were won by Mrs. Thomas and Mrs. Rittinger.

During the social hour, delicious refreshments were served by Mrs. Lannan and Miss Jones.

The next meeting will be February 9 at the home of Mrs. Roy Newlon with Mrs. George Fischer assisting.

Presby-Weds

Presby-Weds of the Presbyterian church will meet Wednesday, January 19, at 6:30 p. m. in the social room of the church. Mr. and Mrs. A. P. McCoard and Mr. and Mrs. Harry Graef will be hosts.

Mr. and Mrs. R. P. Enderlin of 637 South Court street were in Athens Thursday, attending funeral services for Mrs. Enderlin's aunt, Mrs. Frank Phillips.

Mrs. James Corriveau and son of Wilson avenue are spending a few days with Mr. and Mrs. Henry Corriveau of Columbus.

Mrs. Harold Morgan has returned from Durham, N. C., after spending a few days with her husband, Pvt. Harold Morgan, who is stationed at Camp Butner.

Mrs. Donald Myers of Toledo came to Circleville Wednesday for a visit with her father, Dr. George W. Heffner, who is staying for the present at the home of Mrs. Glenn I. Nickerson, South Court street. Dr. Heffner is slowly recovering after a recent illness.

Mrs. J. C. Mullins has returned to her home, 346 East Franklin street, after an extended visit with relatives and friends in St. Louis.

Miss Dorothy Adkins of Washington, D. C., is visiting at the home of her parents, Mr. and Mrs. G. H. Adkins, East Main street.

Mr. and Mrs. Homer Wright of Salt Creek township were Wednesday business visitors in Circleville.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Mrs. Edward Hutchinson of Ashville receives regular copies of the Seabeacon, publication of the Navy Seabees in which her husband, Seaman First Class Hutchinson, is serving. The Tenth combat outfit to which Hutchinson is attached is lauded in the publication for constructing a floating dock in only eight days. A photo of the outfit appears in the Seabeacon, but Mrs. Hutchinson is unable to pick out her husband. Much news of interest to Seabees and their families appears in the publication. One of the items in the copy received this week by Mrs. Hutchinson says that all Seabee rating badges will now be worn on the left sleeve regardless of former rulings.

New address of Corporal Harold White, ASN 35411857, is APO 610, care of postmaster, New York.

Assignment of several Pickaway countians recently inducted into service was announced by Fort Thomas, Ky., classification and assignment center. In the group are:

Raymond J. Haley, Circleville, 746th engineer company, Camp Sutton, N. C.

John M. Fullen, Williamsport RFD, to engineer training center, Camp Claiborne, La.

Eugene Gilpen, New Holland, and Charles Smith, Circleville, to 1584th service unit, Camp Atterbury, Ind.

Forbes Rohrer, Orient, and James R. Stevens, Circleville, to 352nd harbor craft company, Camp Gordon Johnston, Fla.

Corporal Charles Wilson has a birthday February 1. He would appreciate receiving cards from his friends. Wilson's address is: ASN 35415506, 1515th squadron, A. A. F. N. S., San Marcos, Texas.

New address of Aviation Cadet Edward C. Ebert is: 44E, Barracks 17-16, WAAF (basic), Waco, Texas.

Special notice ABOUT COLDS

Now when colds strike, relieve miseries with home-proved Vicks VapoRub that

ACTS 2 WAYS AT ONCE..

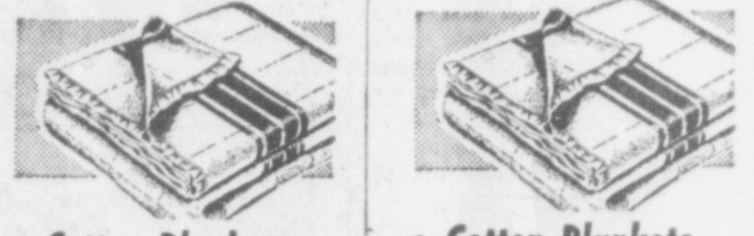

It PENETRATES to upper bronchial tubes with soothing medicinal vapors. It STIMULATES chest and back surfaces like a warming poultice. And what's more, it keeps right on working for hours—even while you sleep!

Just rub throat, chest and back with good old Vicks VapoRub at bedtime. VapoRub goes to work instantly to relieve coughing spasms, ease muscular soreness or tightness. It invites restful, comforting sleep. And often by morning most of the misery is gone. Try VapoRub's special 2-way action tonight! When a cold strikes, be sure you use time-tested Vicks VapoRub.

George E. Leatherwood, son of Mr. and Mrs. E. W. Leatherwood of Ashville, has enlisted in the U. S. naval reserve and is now in training at the U. S. naval training station, Great Lakes, Ill.

Addresses of two of the sons of Mr. and Mrs. H. A. Rhinehart of near South Bloomfield follow: PFC Kenneth A., 44th B. F. T.S., Randolph field, Texas; Private Harold A. Rhinehart, ASN 35412381, 212th

ASHVILLE

It requires four times as long to fill out even the simplest of the new income tax forms as it did last year. That's the finding of the income tax experts of the Columbus Chamber of Commerce, as explained during a school conducted by that organization last week. So it is being suggested that those who have tax reports to file, begin work on them long before the March 15 deadline, in order to avoid the last minute rush. After examining the tax blanks mailed to me recently, I doubt the ability of the United States to maintain order in the world. If our Treasury Department edits tax return forms which a natural-born American can't understand, we will have a hard time making some Zulu chieftain understand "what it's all about."

Ralph Dresbach completed his "boot training" at Great Lakes recently with flying colors, placing third in his class of 120 members.

The Young Married People's Class of the Methodist Church will

hold a "pot-luck" supper Thursday at 6:30 p. m. Later in the evening they plan to re-decorate the church basement. Members of other classes are invited to attend.

The Ashville Banking Co. held its re-organization meeting Wednesday with the following officers elected for the present year: president, W. E. Hall; vice president, J. L. Spindler; cashier, C. D. Kraft; directors, J. M. Borror, chairman, Ira Fisher, W. E. Hall, J. R. Hedges, H. D. Rhodes, J. L. Spindler, and Paul W. Teegardin.

British newspapers have cut their paper consumption to about one sixth of pre-war.

Roundworms can cause real trouble inside you or your child! Watch for warning signs: fading, "picky" appetite, itchy nose or seat. If you even suspect roundworms, get Jayne's Vermifuge today! JAYNE'S is America's leading proprietary worm medicine, used by millions for over a century. Acts gently, yet drives out roundworms. Be sure you get JAYNE'S VERMIFUGE!

When you shop at Penney's—look for the price-tag that matches your budget! Don't worry about the quality.

The high quality of Penney's merchandise is an established fact. It is carefully guarded by expert buying and a staff of laboratory technicians. You always get your money's worth at Penney's!

You Can Always Depend on Penney's

There's no Question about Quality!

HIGH-COST ALUMINUM

Of all the lobbies operating in Washington, most effective are those which operate from right inside the Cabinet or the Democratic National Committee.

The Aluminum Corporation of America seems to be benefiting from such a lobby now. For several years it has received kindly treatment from Uncle Jesse Jones. Also it has had its chief Washington counsel, able Oscar Ewing, sitting on the Democratic National Committee as vice-chairman.

Anyway, just last week Alcoa received another nice favor. Last Summer this column exposed the fact that Jesse Jones had given a secret contract to Alcoa to build an aluminum plant at Shipshaw, in Canada, which would not cost Alcoa a cent, it would be paid for out of aluminum purchases by the U. S. Government.

This column predicted that after building this giant plant in Canada, Alcoa would close down American plants, throwing U. S. workers out of employment, but would continue operating in Canada.

Last week that was exactly what happened. Four aluminum pot lines were closed down in Burlington, N. J., and Queens, N. Y., with 20 more to be closed down soon. U. S. plants sell the government aluminum at 15 cents a pound while we have been paying 21 cents for Alcoa's Canadian aluminum from Shipshaw. This still continues.

Inside fact is that we are now overproduced on aluminum by about 600,000,000 pounds per year. Shipshaw's shipment to the United States in 1944 is scheduled at just about this amount—560,000,000 pounds. Yet it is continuing—despite its higher price.

Officially the reason for continuing Shipshaw aluminum is that the factory uses electricity, while eastern U. S. aluminum plants burn coal. However, there may be a much more potent reason. Jesse Jones loaned Canadian Alcoa \$68,000,000 and signed on an unusual contract whereby Alcoa was not obligated to pay the balance when the United States stopped buying aluminum. If we stopped buying aluminum today, the unpaid balance would be \$37,000,000.

So some officials suspect that Jesse doesn't want his books to show a loss of \$34,000,000 on a deal for which he was widely criticized. Meanwhile, some officials feel the United States might save \$34,000,000 in the end by continuing to produce cheaper aluminum in this country.

New Zealand has recently made it obligatory on all drivers to signal their intention to turn to the right and to give way to all other traffic before making a turn.

The WASHINGTON MERRY-GO-ROUND
By DREW PEARSON

(Continued from Page Six)
takes we have made and the things we could have done better."

Judge O'Connor flew back to Los Angeles thinking that after faith, hope and charity, quality comes next.

NON-FIGHTING SAILOR

Frank Knox, Secretary of the Navy, is a great talker about efficient use of manpower. But it looks as if he was an even greater believer in avoiding public criticism.

For months now he has stationed one of the Navy's astute officers with nothing to do except keep an eye on the highly critical Truman committee. The officer is Captain John Kennedy, former ace Washington newsmen and owner of a chain of radio stations.

Kennedy was once a star Washington operator for Hearst, won the Pulitzer award for top Capitol news-sleuthing, now owns two broadcasting chains in Ohio and West Virginia.

However, the Navy keeps him occupied playing golf with Senator Ferguson of Michigan, a member of the Truman committee; flying to Alaska with Senators Truman and Kilgore; and running back and forth between the Navy and the Senate trying to paint a favorable side to Truman committee questions.

Kennedy, an able man, does an A-1 job. But most people seem to think that Navy manpower was recruited to fight, rather than to cushion criticism.

Knox, however, is an expert at criticism-cushioning. He also keeps the son of Congressman John Tolan of California busy doing odd jobs on Capitol Hill, and advising the Navy about how to rob Congressmen the right way. Tolan also is an A-1 man, but he thought he got into the Navy to fight, not to scratch Congressmen's backs.

HIGH-COST ALUMINUM

Of all the lobbies operating in Washington, most effective are those which operate from right inside the Cabinet or the Democratic National Committee.

The Aluminum Corporation of America seems to be benefiting from such a lobby now. For several years it has received kindly treatment from Uncle Jesse Jones. Also it has had its chief Washington counsel, able Oscar Ewing, sitting on the Democratic National Committee as vice-chairman.

Anyway, just last week Alcoa received another nice favor. Last Summer this column exposed the fact that Jesse Jones had given a secret contract to Alcoa to build an aluminum plant at Shipshaw, in Canada, which would not cost Alcoa a cent, it would be paid for out of aluminum purchases by the U. S. Government.

This column predicted that after building this giant plant in Canada, Alcoa would close down American plants, throwing U. S. workers out of employment, but would continue operating in Canada.

Last week that was exactly what happened. Four aluminum pot lines were closed down in Burlington, N. J., and Queens, N. Y., with 20 more to be closed down soon. U. S. plants sell the government aluminum at 15 cents a pound while we have been paying 21 cents for Alcoa's Canadian aluminum from Shipshaw. This still continues.

Inside fact is that we are now overproduced on aluminum by about 600,000,000 pounds per year. Shipshaw's shipment to the United States in 1944 is scheduled at just about this amount—560,000,000 pounds. Yet it is continuing—despite its higher price.

Officially the reason for continuing Shipshaw aluminum is that the factory uses electricity, while eastern U. S. aluminum plants burn coal. However, there may be a much more potent reason. Jesse Jones loaned Canadian Alcoa \$68,000,000 and signed on an unusual contract whereby Alcoa was not obligated to pay the balance when the United States stopped buying aluminum. If we stopped buying aluminum today, the unpaid balance would be \$37,000,000.

So some officials suspect that Jesse doesn't want his books to show a loss of \$34,000,000 on a deal for which he was widely criticized. Meanwhile, some officials feel the United States might save \$34,000,000 in the end by continuing to produce cheaper aluminum in this country.

New Zealand has recently made it obligatory on all drivers to signal their intention to turn to the right and to give way to all other traffic before making a turn.

NEW PLANE DESCRIBED

Flying characteristics of the revolutionary new propellerless plane developed by the Army Air Forces and the RAF will be revealed on the March of Time by Bob Stanley, test pilot for the Bell Aircraft Corp. Mr. Stanley has been the test pilot for the new jet-propelled fighter plane since its inception and will describe its sensations in flying the plane and will also explain the extreme speed and high altitude made possible by this advance in aeronautical engineering. The program goes on the air at 9:30 p. m. Thursday.

With Westbrook Van Voorhis as commentator, the March of Time also will present authoritative, first-hand reports on news of the past week and the last minute from the home front and the war fronts.

Motorists Asked To Salvage Present Tags—1,200 Tons In State

New license tags for 1944 will be put on sale by the bureau of motor vehicles Wednesday, March 1. The sale will continue through March 31.

Owners of motor vehicles must display the new plate on April 1.

Tags will be available in Circleville at the office operated by A. J. Lyle in the E. E. Clifton garage building, South Court street. Other registrars are available at Williamsport, Ashville, New Holland and Commercial Point.

Only one license plate will be used on each automobile, truck, motorcycle or trailer this year. This plate will have a blue background and white letters and numbers. It is to be attached to the rear of the car.

Sufficient steel has also been promised the bureau of motor vehicles by the War Production Board to make one steel license plate available for 1945.

All automobile owners are being urged to salvage their two 1942-1943 license plates for the war scrap pile. If all discarded plates are turned in for scrap metal there will be 1,200 tons available for armament.

The complete list of deputy registrars to serve Pickaway county will be announced in the next few days.

No new tags were available for motorists during 1943, paper certificates showing that licenses had been renewed being carried on the windshield of each automobile. The steel shortage caused the state to suspend production of new tags.

The new steel plates were produced by convicts in the Ohio penitentiary, this work being carried on there for many years.

FARMERS' WEEK PROGRAMS TO BE PUT ON AIR

Pickaway countians who have been attending the annual Ohio Farmers' week programs at Ohio State university for the last several years were informed Thursday that the first time in the Farmers' Week's 32-year history, no meeting will be conducted except that which can be conducted by radio.

Transportation and housing difficulties made necessary the decision, George C. Crane, assistant director of the university's agricultural extension service, said Thursday.

Radio programs dealing with Farmers' Week will be heard January 31 to February 4 from WOSU, the university station.

All divisions of the college of agriculture which have participated in prior Farmers' Weeks will take part again this year.

ADJUSTMENT PERIOD FOR DISCHARGED VETS

War veterans discharged from service and returning home to find new jobs will be given a 60-day adjustment period during which they may change jobs at will without endangering their rights under U. S. Employment Service and War Manpower Commission regulations.

This decision was announced Thursday by the Employment Service office which serves Pickaway and other central Ohio counties.

At the expiration of the 60-day period, discharged veterans like other civilians will become subject to the stabilization plan which requires USES permission for a job change. Even during the 60-day period, the veterans must obtain statements of availability for job changes, but these will be given freely, the USES said.

This seems to be the first war in which there was a shortage of women's army shoes. Well, the ancient Amazons used sandals.

Rectal Soreness Get Relief New Easy Way — Sit In Comfort

Proctonol Rectal is a quick, dependable reliever of itching, painful rectal soreness — symptoms which may also accompany piles and hemorrhoids. Brings soothing sense of comfort upon contact, forms protective film over sore area, helps destroy infectious germs, aids nature's healing process. No oil — no grease to stain clothing. Sold on money back guarantee. Get this modern relief today... ask for PROCTONOL RECTAL GALLAHER'S DRUG STORE

MAINLY ABOUT PEOPLE

ONE MINUTE PULPIT

The righteous also shall hold on his way, and he that hath clean hands shall be stronger and stronger.—Job 17:9.

Richard O. Mader, son of Mr. and Mrs. John F. Mader, 464 East Main street, has been promoted from second to first lieutenant. Mader is in field artillery service. His promotion is listed with names of 60 other Ohioans who also received promotions.

Mrs. Fred Chaney and daughter were removed Wednesday to their home, Laureville Route 2, from Berger hospital.

Miss Mary Daley, 127 Folsom avenue, was removed Wednesday from her home to Berger hospital for treatment of a hip fracture suffered in a fall.

Mrs. Carl Tigner of 159 York street is recovering in Berger hospital after minor surgery.

Civil service examination was being conducted Thursday at the postoffice to fill an eligible list for typist-clerk at the Pickaway county War Price and Rationing office.

Red Cross directors will meet Thursday evening to discuss the February campaign for \$24,300 and to organize a roll call committee.

Circleville Elks are planning past exalted rulers' night next Tuesday evening with former officers of the lodge to serve during an initiation.

Mrs. Harriet Armstrong was removed Thursday to her home on South Court street from St. Anthony hospital, Columbus, where she had been a patient for the last two weeks.

RATIONING AT A GLANCE

Retailers Need Tokens

District Director Harry T. Beckmann of the Office of Price Administration reports that some retailers have not as yet filed token need estimates with their banks. Estimate forms for this purpose should be obtained from wholesalers and trade associations. The cooperation of such retailers is requested by the OPA in order to assist in the tremendous task of distributing approximately two billion tokens to 16,000 banks in the country.

Retailers are cautioned that unless all file these estimates, banks will be unable to requisition an adequate supply of tokens, and in turn retailers will be unable to obtain an adequate supply. Mr. Beckmann points out that retailers must have tokens in order to make change when the token plan begins because from that time point ration stamps will each have a value of ten points.

Failure to obtain tokens will result in considerable delay, confusion and dispute between retailers and consumers.

Retailers who have done so are accordingly urged to immediately obtain token estimate forms from their wholesalers, follow the instructions listed thereon and file the same without delay with their respective banks.

Rations for Lunches

School children soon will be getting bigger and better lunches at their cafeterias. OPA is making this possible by a new plan for increasing allotments of rationed

PUBLICATION OF DELINQUENT TAX LIST ARRANGED

Notices are being put into the mail Thursday by County Auditor Forrest Short to persons who are delinquent in paying their taxes that, in compliance with the Ohio General Code, there will be a list of delinquent taxpayers in Pickaway county published in the next few weeks.

Included in the publication will be a description of the property, amount of tax due, penalty and interest due on each delinquent tract. The auditor said the law makes publication mandatory. All taxes which are delinquent for two or more payments must be advertised.

The message to taxpayers was sent from the auditor's office over the signatures of the county commissioners, county auditor, treasurer and prosecuting attorney.

Mr. Short's office pointed out Thursday that there is \$80,433.68 now delinquent on real estate. Of this amount \$13,600.58 is from the 1943 collection on the 1942 duplicate. Old taxes due amount to \$64,883.30, and special assessments unpaid are \$1,947.80.

The auditor said that eight years ago when he took office the delinquent tax list in Pickaway county totaled \$250,000.

foods for schools which want to expand their operations.

Lines at school lunchrooms have been lengthening ever since the beginning of the war. So many mothers are riveting ships, assembling planes or driving buses these days that they can't be home at noon to give their children a proper lunch. They depend on the school cafeterias to feed their youngsters a good noonday meal. And more schools are serving substantial lunches. To provide these larger meals, cafeteria managers need more points for buying rationed food. They may apply for them now at their Ration Boards to get additional food for January and February lunches.

McAlister Confident War Bond Goal Will Be Reached In County

Confidence that Pickaway county will be able to reach its \$1,244,000 quota for the Fourth War Loan was expressed Thursday by R. C. McAlister, chairman of the county War Finance committee which carries on its bond sale campaign each month, in a letter to R. F. Fletcher, Portsmouth, a leader in the War Bond campaigns.

Mr. Fletcher had asked Mr. McAlister to "jot down your general impressions of the set up in your county for the forthcoming Fourth War Loan drive."

Mr. McAlister's answer follows:

"In reply to your letter in regard to the Fourth War Loan Drive, we anticipate making the assigned quota and feel that we may even exceed it due to more farm money and the break-down of the quota which is half for institutions and half for private investors—the quota being \$1,244,000 which is less than that set for the Third War Loan drive."

"We will use the same organization and are going to ask school teachers throughout the county to have the children talk up the Fourth War Loan drive to their parents so that they will be prepared to meet our canvassers. Clark Will is head of the drive and he is very capable in organizing and putting over the various drives."

"In regard to the assigned quota, I believe that it gives the county organization a mark to make and keeps everyone interested until the quota is made. We have our regular canvassers in the industrial plants who have been very successful in selling additional bonds and also in inducing those who are unable to purchase an additional bond to increase their payroll savings."

Ohio's 850 movie theatres are being organized for the bond-selling job opening January 18 and continuing through February 15. The slogan being adopted by the theatres is "A Bond for Every Seat".

Big and small—from 250-seat village houses to big city places seating 4,000—the theatres are being mobilized by the War Activities Committee of the Theatre Industry for its biggest War Bond job since Pearl Harbor.

The box office will be a bond booth and the stage a rally platform in hundreds of Ohio theatres as they join with Fourth War Loan efforts to make No. 4 Hitler's unlucky number.

Movie starlets will make personal appearances at several big city theatres, and all houses will show short War Bond films featuring prominent Hollywood players.

Distributors are busy scheduling the brief War Bond films made by Bob Hope, James Cagney, Ginger Rogers and Ann Sothern. Scores of theatres in Ohio will hold new picture premieres with admission free to War Bond purchasers. Others will sponsor "War Bond Mother's Night" and other special programs. Names of local men in service will be posted in some lobbies for patrons to buy bonds in their honor.

Akron, Toledo, Youngstown, Canton and Cleveland are among cities where starlets will appear.

VICTORY IN '44?

JOHN KERNS, West Union street: "The European fighting will come to an end 90 days after the Allied invasion forces move across the English channel. I cannot see how Hitler can hold out any longer than that with our boys, the British and the Canadians hitting him from one side, and Stalin's armies attacking him from the other."

Honey bees gather pollen in baskets on their legs.

ARMY CHAPLAIN TO ASSIST IN HEDGES FUNERAL

Chaplain J. K. Jung of the Lockbourne army air base, assisted by the Rev. Clarence Swearingen, will conduct military funeral services Monday at 10:30 a. m. in the Circleville First Methodist church for Lieutenant Richard A. Hedges, who was killed last Saturday night in a Liberator bomber crash near Pocatello, Idaho.

The body left Pocatello Wednesday with a military escort and is expected to arrive in Circleville about 10 p. m. Friday. Mrs. Hedges, the former Ruth Dunlap, is also accompanying the body to Circleville.

The body will be taken to the Floyd Dunlap home, 478 North Court street, where it will remain until Monday morning. The casket will not be opened, in accordance with army regulations.

Whether Lockbourne will send

FALSE TEETH

That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FAS-TEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FAS-TEETH at any drug store.

a firing squad and pall bearers is not yet known, although three aviation instructors who took their basic training with Lieutenant Hedges and who are based at Lockbourne are certain to be here. Lockbourne officials told E. F. Schlegel, Ashville funeral director, that regulations concerning assignment of gun squads and pall bearers have been revised.

Lieutenant Hedges, a graduate of Ashville high school in 1936, was a son of Mr. and Mrs. Richard Hedges of South Bloomfield. Burial will be in Forest cemetery, Circleville.

At the present time, Parícutin, Mexico's new volcano, has built itself into a mountain 3,000 feet high. It formerly was a level cornfield.

The auditor said the law makes publication mandatory. All taxes which are delinquent for two or more payments must be advertised.

The message to taxpayers was sent from the auditor's office over the signatures of the county commissioners, county auditor, treasurer and prosecuting attorney.

Mr. Short's office pointed out Thursday that there is \$80,433.68 now delinquent on real estate. Of this amount \$13,600.58 is from the 1943 collection on the 1942 duplicate. Old taxes due amount to \$64,885.30, and special assessments unpaid are \$1,947.80.

The auditor said that eight years ago when he took office the delinquent tax list in Pickaway county totaled \$250,000.

foods for schools which want to expand their operations.

Lines at school lunchrooms have been lengthening ever since the beginning of the war. So many mothers are riveting ships, assembling planes or driving buses these days, that they can't be home at noon to give their children a proper lunch. They depend on the school cafeterias to feed their youngsters a good noonday meal. And more schools are serving substantial lunches. To provide these larger meals, cafeteria managers need more points for buying rationed food. They may apply for them now at their Ration Boards to get additional food for January and February lunches.

McAlister Confident War Bond Goal Will Be Reached In County

Confidence that Pickaway county will be able to reach its \$1,244,000 quota for the Fourth War Loan was expressed Thursday by R. C. McAlister, chairman of the county War Finance committee which carries on its bond sale campaign each month, in a letter to R. F. Fletcher, Portsmouth, a leader in the War Bond campaigns.

Mr. Fletcher had asked Mr. McAlister to "jot down your general impressions of the set up in your county for the forthcoming Fourth War Loan drive."

Mr. McAlister's answer follows:

"In reply to your letter in regard to the Fourth War Loan Drive, we anticipate making the assigned quota and feel that we may even exceed it due to more farm money and the break-down of the quota which is half for institutions and half for private investors—the quota being \$1,244,000 which is less than that set for the Third War Loan drive.

"We will use the same organization and are going to ask school teachers throughout the county to have the children talk up the Fourth War Loan drive to their parents so that they will be prepared to meet our canvassers. Clark Will is head of the drive and he is very capable in organizing and putting over the various drives.

"In regard to the assigned quota, I believe that it gives the county organization a mark to make and keeps everyone interested until the quota is made. We have our regular canvassers in the industrial plants who have been very successful in selling additional bonds and also in inducing those who are unable to purchase an additional bond to increase their payroll savings."

Ohio's 850 movie theatres are being organized for the bond-selling job opening January 18 and continuing through February 15. The slogan being adopted by the theatres is "A Bond for Every Seat".

Big and small—from 250-seat village houses to big city places seating 4,000—the theatres are being mobilized by the War Activities Committee of the Theatre Industry for its biggest War Bond job since Pearl Harbor.

The box office will be a bond booth and the stage a rally platform in hundreds of Ohio theatres as they join with Fourth War Loan efforts to make No. 4 Hitler's unlucky number.

Movie starlets will make personal appearances at several big city theatres, and all houses will show short War Bond films featuring prominent Hollywood players.

Distributors are busy scheduling the brief War Bond films made by Bob Hope, James Cagney, Ginger Rogers and Ann Sothern.

Scores of theatres in Ohio will hold new picture premieres with admission free to War Bond purchasers. Others will sponsor "War Bond Mother's Night" and other special programs. Names of local men in service will be posted in some lobbies for patrons to buy bonds in their honor.

Akron, Toledo, Youngstown, Canton and Cleveland are among cities where starlets will appear.

ARMY CHAPLAIN TO ASSIST IN HEDGES FUNERAL

Chaplain J. K. Jung of the Lockbourne army air base, assisted by the Rev. Clarence Swearingen, will conduct military funeral services Monday at 10:30 a. m. in the Circleville First Methodist church for Lieutenant Richard A. Hedges, who was killed last Saturday night in a Liberator bomber crash near Pocatello, Idaho.

The body left Pocatello Wednesday with a military escort and is expected to arrive in Circleville about 10 p. m. Friday. Mrs. Hedges, the former Ruth Dunlap, is also accompanying the body to Circleville.

The body will be taken to the Floyd Dunlap home, 478 North Court street, where it will remain until Monday morning. The casket will not be opened, in accordance with army regulations.

Whether Lockbourne will send

FALSE TEETH

That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

VICTORY IN '44?

JOHN KERNS, West Union street: "The European fighting will come to an end 90 days after the Allied invasion forces move across the English channel. I cannot see how Hitler can hold out any longer than that with our boys, the British and the Canadians hitting him from one side, and Stalin's armies attacking him from the other."

Honey bees gather pollen in baskets on their legs.

a firing squad and pall bearers is not yet known, although three aviation instructors who took their basic training with Lieutenant Hedges and who are based at Lockbourne are certain to be here. Lockbourne officials told E. F. Schlegel, Ashville funeral director, that regulations concerning assignment of gun squads and pall bearers have been revised. Lieutenant Hedges, a graduate of Ashville high school in 1936, was a son of Mr. and Mrs. Richard Hedges of South Bloomfield. Burial will be in Forest cemetery, Circleville.

At the present time, Parícut, Mexico's new volcano, has built itself into a mountain 3,000 feet high. It formerly was a level cornfield.
